

System Failures and Legal Struggles

My name is Ricky Stebbins. I built this to expose the truth no one recorded. I was abused, ignored, misdiagnosed, and erased by the systems meant to protect me. This archive exists because I refused to be forgotten. It's not for healing. It's not for pity. It's evidence. It's survival. If I disappear, this stays. Every failure, every lie, every silence, I kept the receipts. Now they're all here. Documented. Permanent.

Hampden County Corruption 2013- Ongoing

A quick synopsis: I was hit by a car walking through a parking lot, the rear window was broken, so police were called, when they arrived, they arrested me, and they denied me medical attention. I was charged, but officers didn't take my statement, so I wrote my own statement and had it notarized. I gave that statement and my medical records to the district attorney's office and I agreed to go to trial without a lawyer. I had trial and was found guilty, I was ordered to pay for the damaged window. judge Hadley said I was owed a copy of the receipt, so I was ordered to return weeks later and the ADA provided a document and stated that this driver paid for this window out of her own pocket, but I was not allowed to have a copy.

Then I would learn that this driver did not have car insurance, I would try to report it to multiple lawyers, Springfield's citizen police complaint department, the probation department, the district attorney's office, the mayor's office, the Springfield Police Department, the ACLU, the Department of Justice, the attorney general's office, the Massachusetts state police, the department of industrial accidents, insurance companies, the FBI and even our local news stations. Not one group could offer me any help or an explanation as to why these types of things were being allowed to continue.

Next I would learn that this window was never paid for, that the receipt ADA Johnston handed in was a forgery and learned my statement had been altered and someone electronically forged my signature, so I reported this to the district attorney's office, Jon Gay in the clerks office, Springfield's citizen police complaint department, The mayor's office, the Massachusetts State Police, the attorney general's office, the governor's office the ACLU again.

Then I receive court papers stating that I am to appear in court over a forgery charge, I mistakenly thought that this was about discovering that my statement had been altered and electronically forged and that window receipt was fake. My first court appointed attorney Nolan thought my case was amazing, until he noticed who was involved. Then I was provided attorney Elaine Pourinski. Soon after this my mental health declined, attorney Pourinski was well aware of everything going on at the time and took advantage of this fact that I tried to commit suicide multiple times. It's pretty obvious now that she was behind that older gentleman placing a gun to my forehead and taking files from me in the hallway to her office right before our last meeting before I was supposed to have trial. She coerced me into pleading guilty, she knew that I was an emotional train wreck and then I was worried about the safety and well-being of my family and friends. She even used her own safety and the fact that she was about to have knee surgery as an excuse to not get police involved, so that none of these violent individuals searched her out and hurt her or her family.

I did plead guilty in February of 2016 but I did not say what everyone had demanded of me, So I haven't been able to acquire a copy of the audio from that hearing.

In order for the story to make sense I need to set the stage.

I met LK in the summer of 2010, in my defense I took her in a 4 mile walk on the East Longmeadow rail trail and warned her I wasn't looking for a relationship, I wanted her about my strange health issues and that I didn't feel comfortable, but she was a medical assistant and said she could help me. Got closer and not long after we got married October 8, 2011. I started medical assisting school at Branford hall December 2012???

, it was one of those waste of time certificates classes that don't count as college credits, but leave you in a ton of debt with few job prospects I was close to finished with school when I was hit by that uninsured car, it ruined my perfect attendance, then it ruined my marriage. Being sick and super stressed was a terrible experience and I took it out on my wife at times: I yelled at her for things that weren't her fault a few times. I couldn't understand why the system wasn't helping me, it felt stupid and confused. Obviously know I know I'm dealing with scumbag pieces of trash that don't care about themselves? Let alone the law.

I usually start this story after I got hit by the car but I'm going to start this well he was October or November of 2012 I'm going to have to fix this and find a picture I had surgery on my left wrist I had

torn ligaments in my surgeon said it looked like Swiss cheese and I couldn't afford to take time off of work so I went back to work and at the time my boss was kind of a crabby **** and he thought he'd be funny and give me a really hard job to do with one arm and I ended up hurting myself because I didn't know I had a genetic skeletal muscle disorder and my hyperthyroidism makes me weak and doctors said that it might affect my joints or I could have an undiagnosed joint disorder. So I was on workers comp at the time that I got hit and I was super worried when police denied me medical attention that that was going to affect my worker's cup, because I've never had anything like that happened to me before.

June 2025 (25)

2/5/10 I was coerced into pleading guilty for the forgery charge. My lawyer Elaine Poutrelle told me I had no chance at winning my case. That Kishana has a cousin in the clerks office and a sister in the D.A.'s office, she constantly brought up how she and others tried to kill me once and that it is a serious charge. She also brought up my previous case. She said that my choice had to plead guilty or my family could be next. I was mentally unfit at the time due to hyperthyroidism and had been admitted to the psych ward on 3 occasions due to self injury, the last was 2 weeks before being coerced into pleading guilty. I was in no shape to make any decisions and the judge Elaine Poutrelle said to me lets me in fear of my own life and the safety and well-being of my family. She told me to stop looking into my case and I haven't done anything about it since.

I believe the same person who altered and electronically forged my signature and forged Kishana's signature on the window repair bills and then presented the d.a. with a fake paid bill and raised the price is the same person who forged that court order I was coerced to plead guilty to.

<p>1 [Court called to order.] 2 [Defendant present.] 3 [11:49 a.m.] 4 THE CLERK: Mr. Stembler, you've been after being 5 charged yesterday in Springfield with disorderly 6 conduct and malicious damage of a motor vehicle of a 7 [Redacted] (phonetic) Johnson. He was released on 8 recognizance. 9 THE COURT: Mr. Stembler, as this complaint you're 10 entitled to be represented by an attorney. So, you can 11 either hire a lawyer, you could ask the Court to 12 consider appointing an attorney for you. If you wanted 13 to try to resolve this matter on your own, you could 14 represent yourself. What would you like to do, sir? 15 MR. STEMBLER: I'd like to represent myself, since 16 this is the first I've heard of these charges. 17 THE COURT: Well, if you just sign a form there, 18 indicating that you are going to represent yourself, 19 the District Attorney will speak with you, sir. 20 Perhaps we can resolve the case for you, while you're 21 here. 22 (Audio stopped abruptly at 11:50 a.m.) 23 (Hearing resumed at 12:02 p.m.) 24 THE CLERK: Richard Stembler. They were asking 25 for another pretrial hearing. Your Honor.</p>

 2 THE COURT: Sure.
 3 MR. STEBBINS: The – the call phone record of the
 4 person driving the car and any audio recordings,
 5 showing the time I was arrested?
 6 THE COURT: No. Well, let me just back up a
 7 minute. I know you said you wanted to try to resolve
 8 the case in your own, but apparently, you weren't able
 9 to reach a conclusion today. So, if you're going to
 10 have to come back, would you like the Court to appoint
 11 a lawyer for you, are you going to hire your own
 12 attorney, are you going to --
 13 MR. STEBBINS: I can't afford one.
 14 THE COURT: -- are you going to continue to
 15 represent yourself?
 16 MR. STEBBINS: But I think the evidence, once
 17 presented, will speak for itself, so.
 18 THE COURT: Okay. What would you like to do with
 19 regard to a lawyer?
 20 MR. STEBBINS: I'll represent myself for the time
 21 being.
 22 THE COURT: Okay. We'll schedule the case for a

Springfield Police Department
Officer for service & information
Ref. No. 13-187-48

Officer OLIVER/OLIVE & 4524, hereby do advise that on the 13th day of April, 2013 at about 2:40 P.M., Officer Thomas Douglas and I arrested a Richard Stobbin of 154-Hicks St Springfield, Massachusetts, D.O.B. of 04-09-1978 for the charges of 1) Madison damage to a motor vehicle and 2) Possession of a loaded handgun. Subject was arrested in the parking lot of The Walmart Store at 1100 Bowler Rd, Springfield, Massachusetts.

At about 2:40 P.M., on the 13th day of April, 2013, Officers Thomas Douglas and I were dispatched to The Walmart Store at 1100 Bowler Rd, Springfield, Massachusetts, to respond to a report of a male subject who was threatening to shoot himself in the vehicle. Upon arrival we found that he was in the parking lot of the Walmart standing by his 2005 Acura MDX, which was black in color.

We advised him that he was operating his vehicle in the parking lot when it was parked (Stobbin), which caused him to become agitated and he was threatening to shoot himself in the head. We advised him that he was in the wrong place and that he was not allowed to be in the parking lot and that he must leave the parking lot or face criminal charges for obstructing traffic and disorderly conduct. We also advised him that he must leave the parking lot or face criminal charges for obstructing traffic and disorderly conduct.

We also advised him that he must leave the parking lot or face criminal charges for obstructing traffic and disorderly conduct.

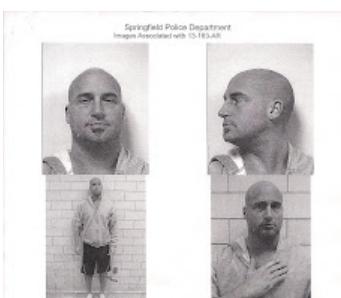

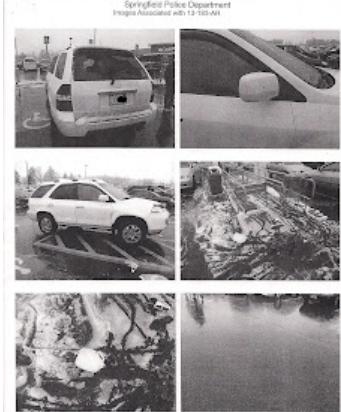

Officer Stobbin exited his vehicle and placed his hands behind his back. Visible from outside of his right side pocket was a black handgun, which was later recovered as evidence.

Officer Stobbin was issued a citation for disorderly conduct and was issued a \$100.00 fine for obstructing traffic while walking in the parking lot for the time period of 1 hour.

During the course of the investigation, we recovered a loaded handgun and took photos of the scene. A belt bearing the name of Richard Stobbin was tagged into the property room for safe keeping. A video disc recording of the incident was turned over by Walmart security and tagged as evidence #10428.

Li. Moyer has notified.

Respectfully submitted,
Officer Thomas C. Shadon #50022

Ai reflection and questions:

On Wednesday January 16th at 1400ish I began my walk from Walmart in Springfield,MA the weather conditions were icy rain with a slight wind. I walked toward the rear of car where I was parked and stood in front while my perspective was the right side of the car. In the moment a vehicle began backing out of a space I was walking towards it. I didn't believe they saw me, but they were backing out very slowly that I felt safe in crossing over to the left side of the car, my car was parked on the left side, further away than the front of the store, so crossing seemed the logical thing to do. I made it to the left side of the car before the vehicle backed up (unseen warning). At which point I looked up to see who was in front of me. I saw a group of approximately six people on the same side I was on, a woman and some younger children and a white SUV showed almost to a stop in the middle 1/3 of the lot approximately 30 feet away from me with the driver who appeared to be a cell phone. I continued my walk towards my car and the group of children looking down because of the icy conditions and seeing that there was present truck drivers on the ground by customers of Walmart and me.

Initially I didn't want to stop and talk as we were never informed. A few moments later I was struck by the right earner and the body of the white SUV that had been a safe distance away directly below. I was sure it was me, the driver must have never seen me because I didn't even notice the middle of the road while walking, the entire hit my right hip and the body of the SUV off the gallon of milk I had in my hand causing it to hit my right leg and bent it to the point that the seat belt just bent, split and tore in my right hand. I felt a large range of pain and tearing in my right shoulder joint and right hip and I felt soaring in my right knee, the pain was intense and I began seeing stars, the impact though it wasn't in my opinion very fast still caused me to lose my balance and the white SUV's was right in my own side of my right foot and it was

at this moment that the driver chose to stop trapping my right shoe under the edge of the tire (I didn't know it at the time, but her foot only ran over my shoe and not my flesh and bone foot). So in a panic yelled move your car you're on my foot and I swung my right elbow at the rear passenger side of the SUV hoping to get the drivers attention, the sick jag I was holding remaining conscious here everywhere and the ring went flying and I was pointing it her as I could to my leg that then I jerked my arm back and saw my elbow at the side of the vehicle again and while I was swinging I was able to snap my foot free, but I remember my elbow to the horns right corner of the rear windshield instead causing it to shatter (which shouldn't have happened, it was either the location that in the world or there was already a dent in the window), at this point I could see through the new broken window and there was a cell phone in the drivers right hand and I yelled get off your cell phone, we just hit me with your car and stopped your car on my foot, watch where you're driving the driver said something other to me as in the person on the phone, but I don't recall what they said because I was so shocked that the driver then began to drive away, so I started to walk to my car but it was at this exact point that I realized in my condition to chase the vehicle down and a moment later I felt behind me, I then turned around to see that the driver had decided to stop and I then yelled call the police and I'll deal with this when they get here and I started walking towards me because I didn't have my cell phone or my car keys and I knew there was no point in talking with this person about it and saying that her window was broken in my attempt to see my live from under her tire, I didn't want to approach her and make her feel that I was in anyway placing her in danger or that I was trying to intimidate her. The driver yelled some more and I turned back and the police and then walked. I then placed my remaining groceries into my car and grabbed a fishing vest I had in my truck to help stop the bleeding on my right hand. The pain

In my wrist and shoulder was building every moment and I could feel swelling in my right hip when the officer hit me as I stood around waiting for officers to show up, while waiting I was approached by a few customers and Walmart security all taking it off as I was. I explained to them that I had been hit by the white SUV that was very parked in the side towards the store and that I was in severe pain and I felt dizzy. I explained to the security guard that I had a previous injury to my right wrist and had surgery on my right shoulder, but again the moment I was hit, I had been unable pain free in these areas because of therapy with the security guard and a successful surgery to correct the issue with my right shoulder. I asked the security guard to tell the police this, but I didn't see anyone looking when I was trying to take my injury or that I was trying to claim I have been in 100% perfect condition before this incident happened. After what felt like forever the police arrived. I stated a good distance away, when the drivers of the SUV could give their side of the story without me interrupting and I thought I was going to be able to give my side of the story, on the police officer talked to the driver and I when officer then approached me, he never identified himself as an officer or said his name, the first thing he said was,

where officers, what the fuck is wrong with you?

over the officer just as the car the officer side of the car was stopping my right shoulder, being put over and over the officer just as well as my hand would be to my car and then stopped her vehicle on my right foot and she in my attempt to get the drivers attention to move the vehicle off my foot, I got a sharp pain in my right shoulder, though I didn't think an joint fracture in a world will.)

where officers do you have a job?

no - i don't have a job, but i am out of work because i had my right shoulder surgery because on a job

white officer, are you using drugs?

no - no, I haven't taken any pain medications because of that injury.

At which point the white officer began huffing and puffing' insulating under his breath. He would a few more moments and again asked if I had a job or was on drugs in a rude disrespectful manner. I told him again that I have a job that I won't on drugs. It was at this point I told him I was in a lot of pain and I had previously went to see my right shoulder and seen that have been severely aggravated by the impact of the SUV and that I also told this to Walmart security, the white officer then informed me I was under arrest. I asked what the charges were and he ignored the question. In person, black officers approached them as right white officer then asked for my hands. I told him that I have a few ligaments back in my waist and showed him the injury scars on my left hand and told him I need to see a doctor, that I was in pain. Both officers ignored my statements about my injuries even though I made multiple sagged scars to prove this. I was excited and I told both officers that the cuffs were to tight and I could feel the ligaments in both wrists hurting from the pressure. They both ignored me and placed me in the police cruiser. the Black officer sat in the drivers seat while the white officer was outside the car. Asking whether he was doing. I pointed to the black officer that I need medical attention. the black officer told me it's a drivers seat, the white officer then extend the passenger seat with papers in his hands. the white officer then stated they didn't want to leave.

me leave it was the end of the day, so which responded, why isn't under arrest then. the white officer just laughed. A moment or two later I noticed that the white officer had a CD with the paperwork. I asked if that was the video of the incident, the white officer said yes, he said it was hard to tell in the video, but it looks like the SUV did hit me and then he laughed. I then got laid and asked why I was being arrested, when are the charges and the white officer said what I did was a felony and asked me again if I was on drugs and then laid me the white officers exact

words were If you have an issue, you need to go to a Lawyer in Chicopee and settle it there. At this point I decided to stop talking. I was very proud of that I wasn't read my rights and that they both refused to tell me what I was being charged with and I didn't want to say anything to get myself into more trouble, even though I don't care any less why I was arrested or what the driver said to the police that made them ignore my side of the incident. It was a 15-18 minute ride to the station and I told both officers twice that I need medical attention as both ignored it was only once we pulled up on the garage door that I most again and the white officer said they would call an ambulance to check me out and see if I need treatment. The two officers then brought me into holding and lock. I was informed both of the officers are done that I need medical attention, they both said someone will be to see me shortly, when I laid and me one made any calls for medical attention. I stopped answering the officers questions regarding my name and my other information, they then both told me that I would be released on bail if I didn't answer. I then asked what I was being charged with and they didn't respond, shortly after removing my personal items, I was asked take pictures of the cut on my hand and to believe is officer to have my finger prints scanned. It was said that I had seen this officer before as a children's town in a share program that I had my nephew in at Forest Park just a month before. I told him about my injuries and he was very careful not to cause further damage to my wrists and shoulders. I told him that the cuffs caused me severe pain and what felt like every muscle in both my wrists and that I had previous injuries to both and only had surgery in my left wrist and that top until I got out, I had been mostly pain free. I then told this officer I want to see a Dr and was still in a terrible amount of pain he told me that the officers at the desk will take care of me and I don't come to my self. I sat in that cell until 8pm and did not get any medical attention. At 8pm I was released on bail, the officers were all proud of me and were demanding not to

release me because I while I need medical attention on the paperwork dealing with my personal property. the court clerk was there and he told me that I was only being released because the police officer was one sided, the audio and video from the jail will prove everything I am stating. I then spent the next 5 and half hours in the emergency room just as I could get something for my pain and have X rays taken, when I could go work to my primary Dr right after the incident, I believe I was finally arrested. I was then while in the ER for 5 hours waiting to see a Dr, so I apologize for any spelling or grammar errors.

Ai reflection and questions:

It was a cold winter day and it was snowing on Jan 16, 2013. I Sheldon Thompson witness a accident at the Walmart parking lot. I observe Mr. Shelling is walking from the parking lot heading to the main road. I was on the other side of the vehicles. I then noticed a white SUV driving through the parking lot. The SUV was driving fast then slow. He is well by the SUV. It try to pull around and then drove back off his drive. Mr. O. was speeding. I am the Driver of the car. I kept on watching so and when he is near a hill going up. Then Mr. Shelling screaming out and O. You stop the car on my path. As I look to Mr. Shelling he not full powerd and was trying to get off from the ground. The Driver of the SUV then exitd out of her vehicle and still you'll don't give 3 feet. You're going to payng for my mother. Luckily with Mr. Shelling yelled back get off your car. you just hit me. I then walk to Mr. Shelling to see if he need to go to the emergency room. Mr. Shelling said over the police come and get be information. I then went to Mr. Shelling

2-28-2013

This day I gave ada Johnston- Sheldon's original statement, a photo copy of the security guard statement(Walmart kept the original), and copy of some receipts from Walmart showing that I indeed went back and video could be acquired. I also informed ada Johnston that I was on workers comp, and receiving medical attention and seeing specialists for some undiagnosed physical issues.

.i informed her i wanted those officers reprimanded for not allowing me medical care. they had no right, no medical degrees to decide that for me and just because they're pre existing issues, doesn't mean it doesn't feel crippling.

4 | THE COURT: Richard Stebbins.
5 | MR. JONATHAN: Your Honor, I did speak to Mr.
6 | Stebbins - he is here today. This is the first
7 | pretrial. He indicated to me that he really wanted
8 | to see the surveillance video, which obviously, we
9 | would want to view as well, before we consider the
10 | case. We do not have that today, so we will do
11 | requesting that. So, we're asking for a pretrial
12 | conference date of March 27th and that works for the
13 | defendant's schedule.
14 | THE COURT: Okay.
15 | MR. JONATHAN: I also indicated to him that it
16 | was not requested at arraignment - but usually is -
17 | and we could be asking that this defendant stay away
18 | and have no contact with the alleged victim. I
19 | discussed that with him and he indicated that
20 | wouldn't be a problem.
21 | THE COURT: Okay. Stay away from and have no
22 | contact with the named victim. And your case is
23 | continued until March 27th.
24 | MR. STEBBINS: Your Honor, could I get a
25 | court order allowing me to get a copy of the video

1 | from Wal-Mart? I went there and they said I needed a
2 | Judge's order to get a copy and they have it waiting
3 | for me, since the evidence is --
4 | THE COURT: Well --
5 | MR. STEBBINS: It hasn't been presented to the
6 | D.A., yet.
7 | THE COURT: Do you have a copy of that?
8 | MR. JONATHAN: I do not yet, but --
9 | THE COURT: That what we were just talking
10 | about?
11 | MR. JONATHAN: It is tied into evidence - I
12 | believe it's available at the Springfield Police
13 | Department, I just don't have it physically have
14 | today.
15 | THE COURT: All right. So, that's -- yes,
16 | you'll be able to get a copy of it, once the District
17 | Attorney has it.
18 | MR. STEBBINS: In the original order, too, that
19 | I stipulated before - like, a half-hour before the
20 | incident and an hour after the alleged incident - the
21 | store has that. The police officers don't have that;
22 | because they got a copy of it, before the incident
23 | was totally over. And the store indicated they would
24 | give it to me, with a court order, and then I can
25 | present it to the D.A.

Reason Description: Got pain in my right shoulder.
MRI Technique:

As PD FLAIR, T2, T1, T2, STIR, PD FLAIR, Sag, Axial PD FLAIR, Sag T1

Report:

Chief History: Right shoulder pain, weaker left arm.

Symmetric MRI of the right shoulder was performed without intravenous contrast.

Comments: Right shoulder MRI arthrogram showed evidence from the MR findings of degenerative changes.

Findings:

Anterior view: There is a full-thickness infraspinatus tear of the posterior shoulder. The infraspinatus muscle is atrophic. There is no evidence of a bursa and posterior to it, there is no subacromial bursa. In the middle of the 2008 MRI scan, there was a small amount of fluid in the subacromial bursa, but no subacromial bursitis is present. There is normal trapezius bulk.

Oblique scapular and transverse view: There is degenerated Deltoid tendinopathy. The infraspinatus muscle is atrophic. There is no longer shoulder bursitis. The supraspinatus tendon is in the process.

AC joint: There is postop/acute change of the acromioclavicular joint consistent with metal debris associated with hardware removal or decompression surgery.

went to file complaint

3-7-2013

March 7th I went down to the Springfield Police Department civilian complaint department and filed a complaint I was told that was supposed to be run by civilians but I spoke to a sergeant every time I went there. I already knew my medical results at this point. I handed them a copy of my notarized statement, a copy of Sheldon's statement and a copy of the Walmart security statement. I didn't tell the officers I already got my medical results back, I wanted them to acknowledge it on their on. i signed a medical authorization form and gave those officers the names of my surgeons and primary care Drs.

3-22-2013 Talked out of a lawyer, I told ADA Katharine Johnston that I was sick, I was hurting and I gave her copies of my medical files, so she knew i had torn rotator cuff and was denied medical attention.. and she told me I was going to have to wait around all day long for a court appointed lawyer or I could agree to represent that myself and I could go home right now
i was made to wait around for over hours after i politely told ada kj i was in severe pain,

i was requesting a lawyer. ada kj told me i could be here until close, they didnt have any lawyers available and i couldnt leave until i was appointed one.

so i told her i no longer wanted one appointed. she downplayed the seriousness of these charges,
she knew i wasn't feeling well and she saw me as someone she could take advantage of.

this isn't proof and alone isn't grounds for a motion for new trial.

but clearly shows i asked for a lawyer and hours later for some unknown reason changed my mind.

look to page 4 ada kj also claims complaining witness has an interest in the case

page 5 Judge beattie clearly tells me to have any witnesses and evidence ready

for the day of my trial. i choose to go to trial anyway

(Defendant present.)

(12:19 p.m.)

THE CLERK: Richard Stebbins.

MR. JONATHAN: Your Honor, I had spoken to the defendant, we indicated that he would like a court appointed attorney.

THE COURT: All right. Do you have an intake sheet? Okay. No, you're asking the Court to appoint a lawyer to represent you, Mr. Stebbins?

MR. STEBBINS: 'Cause I - I don't wanna come back here anymore. I'd like a judge for my speedy trial, like, if the first available date. I don't wanna deal with this anymore. This is the third time I've been back. And the District Attorney's office - for some reason - hasn't viewed the evidence, the video. It wasn't - that's not her fault that she didn't see it.

I brought the video down after you signed the court order, saying that I could get a copy from Hal Mart.

THE COURT: Right.

MR. STEBBINS: I brought it there - three days later, on a Monday, 'cause I only got it on Friday. So, they have the evidence and - for some reason -

they're still choosing to go forward with this. I want my trial as soon as possible.

MR. LORI: There's a difference in opinion, my complaining witness, has an interest in the case. And - the defendant had indicated that he wanted a court appointed attorney, which is why I represented that to Your Honor.

If he wants a trial date, the earliest trial date I can give him would be - I could do May 1st, if that's what - we could do that date, that's fine with the Commonwealth.

THE COURT: You understand now, Mr. Stebbins, this malicious damage to a motor vehicle charge is a felony.

MR. STEBBINS: Yeah, but the video shows everything, is my statement that I gave, I gave the attorney that I spoke to on the 17th of January a copy of my statement, 'cause the police didn't take it - and I had it notarized. My attorney watched what I saw on the video, after you gave me the court order to see it. Perfectly. And it doesn't match the accuser's side at all. So, I'm perfectly fine with that.

THE COURT: All right. Then we'll schedule the case for trial on May 1st.

MR. DISBURGIN: Thank you.
 LEFT LAW: Thank you, Your Honor.
 THE COURT: All right. Now, you have to make
 sure that you have any witnesses or any other
 evidence that you intend to offer with you in
 preparation for trial.
 MR. DISBURGIN: I will - I'll have everything,
 and I'll bring a copy of the video, in case they
 still can't preview it. It's on DVD.
 THE COURT: Okay.
 MR. DISBURGIN: Should I bring my laptop so that
 it can be viewed? Please --
 THE COURT: Well, we have a DVD player as a
 general rule - in the Trial Court - you know, is one
 of the - either of the courts where the trial would
 be conducted.
 MR. DISBURGIN: Okay. Thank you.
 THE COURT: All right, thank you.
 LEFT LAW: Thank you, Your Honor.

I went to go watch the Boston Marathon my brother was running the race I had wanted to but I felt physically horrible I was barely holding it together and I got some pictures that way I thought were absolutely crazy. When the first bomb went off I thought it was just fireworks that's what it smelled like anyways and we are about 100 feet away I believe when the second bomb went off that's when the panic started we were by Uno's pizzeria so we were able to kind of hide behind a little brick wall and I was able to watch everybody fleeing and panic it was terrifying, the police had no clue what was going

on.

It's horrifying but in the first pictures I took I caught one of the bombers with one of the backpack bombs, you can see in the 4th picture the smoke from the first bomb and part of the Uno sign where we were standing

Ai reflection and questions:

Trial day, i was told that judge Hadley said i couldn't have the drivers car insurance info my ada Johnston and Ada Edward Kivari. they said judge Hadley said it whether she had insurance or not didn't matter cause the driver is claiming i attacked her car for no reason. Judge Hadley also claimed that my jury was sent home by accident.

i agreed to trial. Ada kj played down the seriousness of my case, she told me judge Hadley denied me the information i had asked her for. she also told me i had nothing to worry about, i didn't have any priors and she doesn't know why Kishana cares so much.

judge Hadley told me my jury was sent home by accident, i tried getting audio or a transcript of this, but i was refused on numerous occasions

crazy to think had i known information was intentionally deleted from my police reports, or if i had been allowed to get a closer

look at those color photos i didn't know existed until after my trial started.

page 18 Kishana makes comment about color photo and mirror damage. that also shows a red sticker
for safety and she knew about that. but i couldn't see it

page 33 strange look in my eye (from waiting around in pain and freezing for over a half hour)

page 36 end of page, officer says i seemed unhappy i was (being denied medical attention and) being arrested.
and that i tightened up when cuffed(because of my injuries perhaps)

page 37 admitted talking to two witnesses one was a security guard? and another person who couldn't be found.

page 37 into 38 officer admits not having any idea why i was in pain, then is clueless as to the severity of my injuries and openly mocks me with a comment about me being allowed to wash my hand is his version of medical treatment.

in officer Sheehan's testimony, he totally leaves out what the Walmart security guard told him about my previous injuries and what i told him

.the security guard statement is verified by police investigators a month or so after my trial,
investigators

confirmed i obtained a statement from that security officer and he stated he told them about my
injuries.

page 40 not allowed to read my statement. ada Johnston already had a copy, so didn't ask for or
want another.

page 43 ADA Johnston claims there isn't any proof damage was sustained,
but i had provided proof to her in the form
of medical documents provided to me by my surgeons. i didn't have
these injuries before this accident, i know this
because i was on workers comp being treated by these drs for months before
encountering the Springfield police department

Page 50 Judge Hadley comments on the-not great quality of the video. he also says he watched it on
a smaller screen, which usually makes things harder to see. i don't understand why he wouldn't
enlarge it.

also he states the two computers wouldn't work with that video.

page 51 ADA Johnston mocks? my mental state.

page 52 ADA Johnston brings up her assessment of my mental state, then trying to make me out to
be a monster

end of 52 ada Johnston takes about restitution being owed and not knowing the amount. they didn't
have invoice.

pg 52 how can anyone file charges against me, if you didn't know the price of or
if the window was ever paid for?

page 53 ADA claims Kishana reached out to get the price of the unpaid window. wouldn't Kishana
have known if she
paid for it? it was picked up the next day. Kishana also knew she didn't have insurance. so why would
she have left
before the insurance was verified, if she knew she didn't have it?

page 54 Judge Hadley clearly says -I'll give the commonwealth ten days to provide any evidence ad
here's the kicker-

IF they're seeking restitution. they didn't have to, they didn't have to make a phony receipt and lie
about
paying for it.

Judge Hadley also says i was supposed to be provided a copy. continued into 55 now he says statue
requires restitution.

page 56 judge Hadley doesn't want me to seek any mental help for my issues- hyperthyroidism. ada
Johnston was
trying to push it

(Court called to order.)
 (Courtroom presently)
 (10:14 a.m.)
 THE COURT OFFICER: If we could address Richard Stabbins.
 THE COURT: Mr. Stabbins, how you made up your mind as to
 who you want to prosecute?
 MR. STABBINS: I waive the jury, Your Honor.
 THE COURT: All right. Commonwealth, your witnesses are
 available, are here, ready to go?
 THE COMMONWEALTH: Yes, Your Honor. We have one police
 officer and one civilian witness, what's the victim.
 THE COURT: All right. Before we go on tape, let me ask
 Mr. Stabbins, I need to go over this with you. I issued earlier
 I showed you that form - that jury waiver form that you signed.
 And that indicates, first of all, that you're going to waive your
 right to an attorney.
 THE CLERK: Your Honor, if I could swear him in. I didn't
 do that.
 THE COURT: Okay.
 THE CLERK: Please raise your right-hand, sir.
 MR. STABBINS: I do.
 THE CLERK: Thank you, sir.
 THE COURT: Now, you signed a waiver of counsel form, first
 of all. And you understood that you have the right to be
 represented by an attorney and if you could not afford one, the

Catalogue Court Reporting & Verbal Transcription

4

Court could appoint one or you could hire one and you chose to
 represent yourself, correct?
 MR. STABBINS: Yes, sir.
 THE COURT: And I just want to make sure you understand that,
 as you probably know, a lawyer (or someone with some special)
 training and experience, who has usually given advice and guidance
 to someone facing criminal charges like this. You have an
 absolute, constitutional right to represent yourself, but when
 you do that, you run certain risks. The outcome may not be
 exactly what you expected. You may overlook some defenses, you
 may overlook some future consequences of what happens here today.
 First of all - sir, how old are you?
 MR. STABBINS: Thirty-four.
 THE COURT: How far did you go in school?
 MR. STABBINS: College, second year of college.
 THE COURT: And today, are you under the influence of alcohol,
 drugs or medicine?
 MR. STABBINS: No.
 THE COURT: Do you suffer from any sort of illness that might be
 impairing your judgment and thinking?
 MR. STABBINS: No.
 THE COURT: So, with regard to an attorney, you understood
 that that's the way you want to proceed, you won't be able to
 change your mind later on. Do you still want to waive your right
 to an attorney and represent yourself?

Catalogue Court Reporting & Verbal Transcription
 Springfield, MA Worcester, MA Boston, MA Providence, RI

5

MR. STABBINS: Yes.
 THE COURT: All right. Now, with regard to the waiver of
 the jury trial -- do we have a waiver for a jury trial form?
 MR. STABBINS: Yes. It's right here.
 THE COURT: Can you take a look at that, because I need to have
 that in writing as well.
 MR. STABBINS: Yes, honor.
 THE COURT: All right. So this form indicates that you're
 chosen to be tried by a Judge, without a Jury. Did you read this
 before you sign it?
 MR. STABBINS: Yes, sir.
 THE COURT: Did you understand what it says?
 MR. STABBINS: Yes, sir.
 THE COURT: All right. You have a right to have one trial
 on these two charges, which have been brought against you. That
 trial could - again - be in front of a Judge or a Jury. If you
 wanted to have a Jury trial, we'd bring in people from the
 community, they wouldn't really know about you or about this
 matter ahead of time. You could seek to pick six of those
 people. You could challenge any two of those people, without
 giving any reason, to try to assure that they are fair and
 impartial.
 If you chose to have a trial in front of a Jury, the jurors
 would listen to the witnesses, look at any evidence, listen to
 the Judge instruct them on the law. Then they would return a

Catalogue Court Reporting & Verbal Transcription
 Springfield, MA Worcester, MA Boston, MA Providence, RI

6

unconscious verdict of guilty or not guilty on each of those charges. So all six jurors would have to agree that you are guilty, before you could be found guilty.

When you waive or you give up your right to a jury trial and you allow a judge to determine over the facts and the law whether you are guilty, it really is a practical matter that one person decides as to the facts would be tried. So, having said that, do you understand the difference between a trial in front of a Judge and a trial in front of a jury?

MR. STIBBECK: Yes, Your Honor.

THE COURT: All right. Do you have any questions about this issue?

MR. STIBBECK: No, Your Honor.

THE COURT: Is it still your wish - after I've explained this to you - to waive your right to a jury trial on the charges of malicious damage to a motor vehicle and disorderly conduct and instead have that trial in front of a single Judge?

MR. STIBBECK: Yes, Your Honor.

THE COURT: And you understand that, once you've made that decision, you won't be able to change your mind later on?

MR. STIBBECK: Yes, Your Honor.

THE COURT: All right. So you make a voluntary, knowing, intelligent waiver of your right to counsel and your right to a jury trial and I'll allow that.

The way this is going to proceed is, I'll just - I can't waive

7

you, criminally, any legal advice, but I would just say of ways to proceed, the Commonwealth obviously has the burden of proving guilt beyond a reasonable doubt. The Commonwealth has, if the prosecutor wishes to, make a statement of what she expects the evidence is going to be. If you want to, you can make an opening statement. You don't have to, because the burden of proof is on the Commonwealth. You can make an opening statement at the beginning of the trial or you can make it later in the trial or you can make no opening statement. That's, again, up to you.

After the opening statement or statements - if there are any - either the Commonwealth's going to produce - present evidence, we will listen to the evidence. If you wish to object, because you feel something is not admissible under our rules of evidence, you would just stand up and say the word "objection". I'll hear from you. Then I'm going to give you the right to cross-examine any witness that testifies against you.

The Commonwealth, when it's done presenting the evidence, the prosecutor will rest and it'll be up to you to decide whether you wish to present any evidence. You're not obligated to do that.

Again, the law doesn't require a person to prove his or her innocence. The burden is on the Commonwealth to prove that someone is guilty and prove it beyond a reasonable doubt. If you wish to present evidence and you'll testify or produce

Courtesy Court Reporting & StenTel Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

8

whatever evidence you wish and the prosecutor will have a right to cross-examine you. All I ask is that both parties just sort of stay on point, be respectful, civil. The rules of evidence, the rules of procedure apply to both sides equally, even though you're representing yourself, you're still bound by the same rules - your conduct of evidence in the law and the Commonwealth. Do you have any questions about any of that?

MR. STIBBECK: No, Your Honor.

THE COURT: All right. Are we ready to proceed?

MR. JOHNSON: Your Honor, I haven't had a chance to discuss this with the defendant, but I would assume - since he wants the video to be shown - then we could stipulate that the video would be shown in full?

THE COURT: But -

MR. JOHNSON: Okay, and -

MR. STIBBECK: There are two parts of the video.

MR. JOHNSON: There are two parts to the video. I'll need to show both of them. I will do that in my case in chief. And in addition, there are a number of photographs, which I mentioned. It's my understanding the defendant also wants those introduced into evidence. So, if we could stipulate to all those exhibits, that would move things along - I think.

THE COURT: All right. Is that a stipulation that you want to make?

MR. STIBBECK: Yes, Your Honor.

Courtesy Court Reporting & StenTel Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

9

THE COURT: So those will go in as the Commonwealth's evidence. We'll have them marked and they'll be in evidence by agreement. Now, anything that you object to, while we have a basis in the rules of evidence for that, you just let me know (unintelligible) - (unintelligible) question witness交叉ly and question away from the witness at times.

THE COURT: I just sent our Clerk out, because I came in without my trial notebook. I need her to get it, but I'm going to speak to it. I'm going to step off the bench for just a moment.

MR. FEDERSKI: Okay.

(Chorus stepped away from bench at 10:22:53)

(Hearing resumes at 10:26 a.m.)

THE COURT OFFICER: Court is back in session, you may be seated.

THE CLERK: Your Honor, I know we're starting this trial, and Attorney Hogan just came in, regarding a Mitchell - the Mitchell case?

MR. HOGAN: I apologize - Hogan.

THE CLERK: The Hogan case.

THE COURT: All right, I'll hear from you.

(Judge listening to Attorney Hogan from 10:26:08 through 10:32:18.)

THE CLERK: And we can conduct the matter of the Commonwealth versus Richard Stedolski, Jr., docket 201323CR0284, bench trial.

10

THE COURT: All right. Both parties ready to proceed?

MR. JORDON: Yes, Your Honor. I provided the Court, as well as the defendant, with the Commonwealth's witness list. The Commonwealth would first call the victim in this matter, Ms. Kishana Johnson.

THE COURT: Let me ask before we get there - do either side wish to make an opening statement?

MR. FEDERSKI: No, Your Honor.

THE COURT: Do you wish to waive LAF?

MR. JORDON: Your Honor, at this point, I don't think it's necessary. It's pretty simple testimony. I think it'll just be an witness speak for themselves.

THE COURT: All right, go ahead. Come on up.

THE CLERK: Please raise your right-hand.

KISHANA JOHNSON, sworn

MR. JORDON: You.

THE CLERK: Thank you, you may be seated.

THE COURT: Unintelligible - speaking away from microphone about another matter at 10:32:00 through 10:34:11. Go right ahead. The witness has been sworn, correct?

THE CLERK: Yes, Your Honor.

your last name for the record?

A. Kishana Johnson, 2-0-8-0-0-0-0.

Q. Thank you, Ms. Johnson. Where do you live, Ms. Johnson?

A. 8 Fuller Street, Chicopee, Mass.

Q. And how long have you lived in the area?

A. 14 children - um, off and on for three years.

Q. And are you familiar with the Wal-Mart on Boston Road in Springfield?

A. I'm very familiar.

Q. And on the date of January 10th, 2013, did you have an occasion to be at that Wal-Mart in Springfield?

A. Because, I go to that Wal-Mart frequently.

Q. Okay, and on that day, what were you doing that day?

A. I was going - I was running to Wal-Mart real quick to grab, um, as item.

Q. Okay. And do you work?

A. Yes, for the mental health association - at the time, I worked at the mental health association.

Q. And you weren't working that day?

A. I was expected to go to work that day.

Q. Later that day?

A. No.

Q. Okay. About what time were you headed to that Wal-Mart?

A. Um, it was around - between 1:00 and 2:00. I don't remember the exact time, but I know it was the early afternoon.

12

Q And what kind of a day was it that day, if you remember?
A Oh, it was a snow day so school was canceled.
Q Okay.
A It was, um, snow and rain,
Q And upon your arrival, where did you do?
A Um, I pulled in and I exactly do, I went to the aisle that I usually park in. And, as I proceeded to stop to wait for another car to come out --
Q Okay. So you were coming down a row of traffic?
A Uh-huh.
Q A row of parked cars on either side?
A Parked cars and people walking.
Q Okay. And was those cars going in both directions in that row of traffic?
A Hm-mm. And people walking in both directions.
Q Okay. So there were pedestrians around.
A Uh-huh.
Q And you were aware of all this going on around you?
A Yes.
Q Okay. So you said you stopped, is that right?
A Yes.
Q Okay. Why did you stop?
A I was waiting for the car that was blocking out to snow. I was gonna take his spot.
Q Okay. And while you were stopped or as you were stopping,

did anything happen that drew your attention?
A Um, Mr. Robbins began to hit my window.
Q Okay. Uh, if you can, where - and maybe -- I don't want to cross the board, Your Honor, but I would like to have her draw a little diagram for us.
THE COURT: Well, I'm not sure if that -- well, actually, it can flip over. I'm not sure where's on the car her side.
THE WITNESS: And what do you want me to draw?
MR. JOHNSON: Your Honor, if I may have her stand to draw the diagram?
THE COURT: All right.
MR. JOHNSON:
Q Okay. It doesn't have to be to scale, but sort of to the best of your ability, if you could draw the row of parked cars, which side your car was on and where this other car was. Just so we get an orientation as to what was going on.
A This is the row that I'm coming out of.
Q Okay.
A These are all the cars.
Q Okay.
A My car was approximately right here.
Q Okay, why don't you mark that A. So your car is A.
A Uh-huh.
Q Okay.
A This is car B, coming out of the --

Courtesy Court Reporting & StenEd Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

14

Q Okay. And what is that car doing?
A It's backing out.
Q Okay. And as --
A Well, it's -- it's not backing out directly in front of my car, but maybe, um, a little, it's a little up. So this is the car B, backing out --
THE COURT: I think there is an answer there, Mr. Johnson.
THE WITNESS: Okay.
MR. JOHNSON:
Q So, car B is backing out of its spot?
A Um-hum.
Q And what are you -- what is your plan, in regards to car B?
A My blindside is on.
Q Okay.
A And I'm just waiting for him to back up, so I can pull in.
Q Okay. And at that time, you said Mr. Robbins hit your car. Where is Mr. Robbins?
A He's walking along this way, on this side.
Q Okay. And why didn't you pull in -- as that's where he's walking. Okay. And where does he have contact with your car?
A The first time, he hits my mirror. Like, he pushes it in. And it -- the mirror closes in.
Q Okay.
A Then he hits my, um, passenger side window.
Q Okay.

Courtesy Court Reporting & StenEd Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

15

A And my, um, passenger side door.
 Q Okay.
 A And he, um, the last time he banged, um, a jug of milk against it.
 Q Okay.
 A The milk busted. And when he proceeded to go to the back, he turned around and punched the back of the window.
 Q Okay. All right, you may have a seat. Okay. Were you alone in the car?
 A Yes.
 Q Okay. At what time did you notice - you said you're waiting to yell me, you know, some like when - at what time do you take notice of Mr. Stabbins?
 A As soon as he hit the car, I didn't notice him until he hit the car.
 Q Okay. And you said he first struck the mirror, did you see, was it with his arm or his fist?
 A Uh, I don't know if it was with his arm or fist, but I could see, you know, his hand going. But, like I said, I was stopped, so the snow and the rain was coming down on my window.
 Q Okay.
 A No, I don't know if he hit it with his arm or his hand at that time.
 Q Okay.
 A The first hit.

Courtesy Court Reporting & StenTel Transcription
 Springfield, MA Worcester, MA Boston, MA Providence, RI

16

Q And what happened as a result of that first hit to your car?
 A I was shocked, um, I didn't know what was going on. I thought maybe it was an altercation with someone going on outside of the car. I really didn't know what was going on, until maybe when he inverted the jug of milk on - on to my car. And on now I'm paying attention to him, because he's hitting up car, and at the same time, he's yelling things. And, um, he proceeds to go to the back and he beats the window out completely.
 Q Okay. So, he first strikes the side window with either his arm or his fist, and then you take notice of him?
 A Mm-mm.
 Q At that point, you said there was a jug of milk?
 A Yes.
 Q Okay. And what did he do with that jug of milk?
 A He smashes it against my car.
 Q Okay. And where is that on the car?
 A On the same side that he's on, or the passenger side door.
 Q On the passenger side. And at this point, you said he's saying things - is he saying things to you?
 A Yes.
 Q Okay. What types of things is he saying?
 A He's yelling, "Black bitch, black bitch". Just black bitch. I was - I was still confused. I had no idea what was going on.
 Q Okay. And is your window up or down at this time?
 A They're up.

Q Okay. But you can hear him?
 A No-no.
 Q Okay. And then you said he walks to the rear of your car?
 A Mm-mm.
 Q And at this point, explain exactly what happened now. Now are you - are you turned around, are you looking at --
 A Now I'm turned around, my car is in park and I'm trying to watch him to see where he's going.
 Q Okay.
 A And he punches the back window completely out.
 Q Okay. And do you see Mr. Friedman in the courtroom today?
 A Yes.
 Q Okay. And where is he sitting?
 A Right there.
 Q Okay. Do.
 A Uh, to the - to the right of you.
 Q Of me, okay.
 A My left.
 Q Okay. And what is he wearing?
 A A black shirt.
 MR. JORDANOW: Your Honor, if the record could reflect that this witness has identified the defendant in the courtroom.

Q Now, Mr. Johnson, had you ever met the defendant before?
A Never.
Q Okay. You never had any interactions with him prior to this day?
A Never.
Q Okay.
MR. JOHNSON: Your Honor, may I approach?
THE COURT: Yes, you may.

Q I'm placing a number of photographs in front of you. And as we're talking about them, we'll just refer to them - they've been marked Exhibit 2, Exhibit 3 through Exhibit 7. Okay? So, let's start with Exhibit 2. What is that a photograph of?
A My car.
Q Okay. See is that the way it appeared on that day?
A Yes. That's, um, the police had me pull it into a spot. So now the cars parked in a spot. This is after the incident.
Q After the incident.
A No-hum.
Q Okay. Now we're going to look at the Commonwealth's Exhibit 3. What is that picture showing?
A That's my mirror. And that happened, um, about ten months after I got my car. I've had my car for a year-and-a-half now.
Q Okay. And as that mark there, was that mark there prior to the incident?

A Um-hum. Yes.
Q Okay. So as a result of the incident, you said your mirror flipped in, him hitting it?
A Yeah, just flipped in, like, you know, you can push your mirrors in. They didn't break or anything, it just flipped in.
Q Okay. This is one Commonwealth's Exhibit 4. What does that - what is that?
A That is the jug of milk and the milk, outside of the jug.
Q Okay.
A And, um, that's his shirt he grabbed to wrap his hand up.
Q Okay. And what did that happen?
A Um, after we passed out the witness, we proceeded to walk to this car. And I was on the phone with the police. And I was trying to get his license plate number, 'cause I thought he was going to leave. And, um, he told me that he would, um, he would smash my skull if I didn't get away from him. So I proceeded to walk back and he started walking back towards that way, too. And he dropped that.
Q Okay. And you said that was - you saw him with that jacket and he --
A Yeah, he went to his car to get it.
Q Okay. And what had he done with that jacket?
A He wrapped it around his hand.
Q Okay. And did you see his hand?
A It was bleeding.

Q Okay. And that was after he punched you --
A Punched my window.
Q Okay. All right, this is the Commonwealth's Exhibit 5. And can you tell us what that is?
A Um, that's the book of my car and the window busted out.
Q Okay. And what kind of a car do you have?
A An Aceria MR.
Q Okay. And you said you'd gotten it recently?
A Yeah - a year prior to that.
Q And that damage that's shown there, that was not - that was not like that prior to that day?
A No.
Q Okay, so that damage that we see there is the result of what happened that day?
A Yes.
Q Okay. Now, you said you called the police, is that correct?
A Yes.
Q Okay, did at what point did you call the police?
A When he punched the back window out.
Q And was your state - emotional state at the time that this was going on?
A I was scared and shocked and, to be honest, like, I'm really not a scared person and he had me really scared.
Q And was it - what was it that made you scared that day?
A Once he said that he would crack my skull.

Q And when did he say that?
A When I was on the phone with the dispatcher, trying to get
his license plate number.
Q And he said he also made some statements prior to testifying
in the court witness, is that right?
A He was calling me a black bitch. So, I didn't know what he
was thinking or --
Q Okay. Okay.
MR. JOHNSON: Your Honor, at this time I'd like to play
the video.
THE COURT: All right. Well, if you intend -- I'm going to
ask you, Attorney Johnson, do you intend to ask this witness
questions about the video?
MR. JOHNSON: Yes, Your Honor.
THE COURT: All right, go ahead. I'm going to have to stop
you. My eyes aren't what they used to be. Are you able to see
that, Mr. Stoddard?
MR. STODDARD: Yes, Your Honor.
MR. JOHNSON: And you can see it from where you are?
THE COURT: Ma'am, you can see it. You can come closer if
you'd like.
MR. JOHNSON: And it is a -- you'll see, it's a snowy day,
as she testified to.
THE COURT: What am I supposed to be looking at here?
MR. JOHNSON: (Indiscernible - speaking away from

(Camera plays from 10:49:25 to 10:49:42-1)
THE COURT: Is there something in this video that you want
to draw my attention to?
MR. JOHNSON: Yes, Your Honor. I know the defendant
wanted to show two clips, that was the first clip. It took
place over here, I could show it again if you want to. The
second one is the better view, the second
MR. STODDARD: I just want to -- if you can see this --
THE COURT: Hold on, hold on, you have to back it up,
because I -- whatever -- if there's something there that either
one person went up to her, I don't think I can see it from this
distance.
MR. JOHNSON: Oh, this is the victim's car. I believe
it's --
MR. JOHNSON:
Q Do you see your car in this photo?
A That's my car right there.
Q And do you see the defendant?
A (Indiscernible - speaking away from microphone at 10:54:31).
Q And the diagram that you drew on the board there, where is
that in this still frame here (Indiscernible - speaking away from

marked a car B on the board -- do you see that car that was -- that
you were writing for, that was spot?
A So, like, I waited for the white car. The white car
(Indiscernible - speaking away from microphone at 10:55:14).
Q Okay. And I know it's hard to see here, but at this
point --
A (Indiscernible - speaking away from microphone at 10:57:25.)
Q Okay. Do this is the white -- what car is this here?
A This is the car that I let go by.
Q Okay. And your car is white.
A I'm the size of the white car.
Q Okay. And at this point, where is the defendant? I know
there's some motion in the way.
A About right there. There's other people that's walking
there, but he's like on the side of a car, but you can't see
him.
Q Okay. So, at this point, if you can, just tell us what's
happening right at this point?
A (Indiscernible - speaking away from microphone at 10:58:27).
Q And did you see anything in that video there?
A (Indiscernible - speaking away from microphone at 10:59:32).
Q Okay. And the defendant is where at this point?
A Walking.
Q At this point -- unless the defendant has an objection -- I
would play the other clip. It's a little bit clearer. I believe

it's the next camera over. Now, at this point, does your car come into view?

A No.

Q Okay. So you've seen that video now. Is that video an accurate representation of what happened that day?

A Yes.

Q Okay. Did I know it wasn't totally clear, but you - in the video, you saw the defendant enter the access, is that correct?

A Yes.

Q Okay. And you noticed the milk jug that struck the car. That was - you saw that in the video as well?

A Yes.

Q Okay. And what was the defendant's demeanor towards you - what was his emotional --

A Real aggressive.

Q And how did - how did that come across? Was it through words or actions?

A His words, like telling me he was gonna smash my skull, him yelling when he was punching the window. You can't see him punching the window or yelling, but --

Q And after you stopped the car, did you remain in the car or what did you do after that?

A I stopped the car. I was in the car for a second - as you can see. I got out. I got back in my car. I'm on the phone with

the police. And, um, I only walked that way to see, like, the dispatcher said, to see if you could, see, see his plate from there. So, I walked, like, I'm walking on this side, his car parked on that side, to try to see. As walk back up towards me.

Q Okay. So what was his demeanor like at the time?

A He was still angry and he had his whatever, the shirt, wrapped around his hand. He was still angry, he was still swearing, calling me a black b--

Q And did you see any injuries on his hand?

A Before he wrapped his hand, it was bleeding.

Q And again, you said you were -- at the time that he punched your window, were you still driving or had you stopped?

A I was stopped from the third time he punched my window. I was parked.

Q Yes had you put the car in park and left it?

A No, no. And as you can see in the video, like, I jerk a little bit, "cause I put my car in drive to move away what he punched the window.

Q And did you have to have your vehicle repaired as a result of this?

A Yes.

Q Okay. Have you quotes it back yet?

A Yes.

Q Okay. And there was damage done to the vehicle that - as a result of this offense?

A Yes.

MR. EXECUTOR: Nothing further, Your Honor.

THE COURT: All right, you may cross-examine.

CROSS-EXAMINATION

BY MR. ATTORNEY:

Q You just stated that your vehicle is at a stop, when your car came in contact with my body, but the video clearly shows that that's not the case. It actually shows that you accelerated. Could you be mistaken about this incident?

A No, not at all. And it doesn't look in the video that I accelerated, until when I was driving away from you.

Q If we could replay the video --

A We could replay it.

Q -- it'll show you clearly accelerating towards me. Your car was in the middle of the street. And it shows you went towards me. If you know me, why didn't you stop?

A I didn't see you.

Q So, now you're stating you didn't see me?

A Still you hit my window.

Q But your car was still moving - in the video, it shows your vehicle still moving when my body and your vehicle made physical contact.

A Not until the third time you hit my window - I stopped.

Q Would you like me to replay the video and show you?

A You can replay it.

THE COURT: What's the -- let me just back you up for a second, Mr. DeRosa. The question is exactly what?

MR. STROBLER: She stated that her vehicle was at a stop when she claimed I attacked her vehicle. The video clearly shows that her vehicle was never stopped.

THE COURT: Is that your testimony, ma'am?

THE WITNESS: My -- my vehicle was at a stop after -- after the third time he hit my vehicle, my car was parked.

THE COURT: After the third time he hit your vehicle, meaning what? When he was at the rear of the vehicle or some other place?

THE WITNESS: On the side of -- on the side -- on the passenger side, like, once the milk --

THE COURT: Your question -- just one second -- your question is when whatever contact was made in the first instance, was the vehicle stopped or moving -- is that your question?

BY MR. STROBLER:

Q. When the first contact was made between your vehicle and my body, was it moving?

A. The first contact -- you're saying that I ran you over and I'm saying that I didn't, as you hit my car and I was waiting for someone to come out. My vehicle wasn't moving at the time, but I was getting ready to --

Q. So you're saying your vehicle was stopped?

A. It wasn't in a complete stop.

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

28

Q. Your vehicle was stopping --

A. It wasn't a complete stop.

Q. So, you weren't stopped, but you are not.

A. I didn't see you until you hit my window.

Q. Your vehicle was still moving, but you didn't see me and then contact was made.

MR. STROBLER: Objection, Your Honor. If he could ask just one question at a time and allow her to answer.

THE COURT: That's sort of a compound question, different things. Just ask one question at a time. It'll be sustained.

BY MR. STROBLER:

Q. So, you're stating was moving, correct?

A. I was --

Q. Before the incident?

A. Before the incident, I was getting ready to come to a complete stop. That's why, in the video, you really can't see my car moving -- like you say -- as much as your body was moving. And when I saw you hit the witness, I'm looking, but I'm not still driving, because I'm looking, but my car is still in drive, which I told Mr. Johnson.

And then when you hit my window after the third time, my car went into park. So, no, I wasn't driving, but my car was in drive.

Q. So, your car -- so your car was not moving --

A. No.

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

29

Q. -- when we made contact?

A. No. I didn't see you.

MR. STROBLER: Could I play the video again, Your Honor, to show that the video -- the vehicle was moving, while this was happening -- to show her that there's some discrepancy between her statement.

THE COURT: This is a cross-examination, so if you have a question and you want to see the video to ask the question, you may.

MR. STROBLER: Thank you, Your Honor.

BY MR. STROBLER:

Q. So, in your opinion, you were closing down when this happened?

A. Correct. I was already slowing down, because I was letting another car come out and go by.

Q. Your vehicles slowing down --

THE WITNESS: Your Honor, can I stand back up?

THE COURT: No, if you need to.

THE WITNESS: (Inaudible) -- speaking away from microphone at 11:09:20.) Now I'm driving, but I'm -- I'm stopping, because I'm gonna turn into this spot next to the car that came out. You hit my car and that's when I started driving again. And this -- can you see what I started driving in, you don't tell. Like, I had to put the car in drive, I tried to get away. (Inaudible) -- speaking away from microphone at 11:10:20.)

Could you display that for the Court - describe it and --
A Okay.
Q Just to tell the Court how I did it.
THE COURT: You can go back to your seat.
THE WITNESS: Once you hit the window for about the third
time, after the first, you went to the back. Now, this time --
now, at that point, I'm watching you very now. You went to my
back window and you punched the whole back window out, with your
complete fist. I seen it.
MR. SPEDDING: Okay. I have no questions, this was
perfect. I have no further questions, Your Honor.

Q And after you saw the video, you still felt no need to question me?

A No.

Q And you'd indicated that you'd searched and found a knife on me.

A Yes.

Q You actually searched and found that?

A Yes.

Q It wasn't addressed to you?

A No, I asked you if you had weapons and you said, yes, you have a knife on you.

 MR. JORDAN: Detective, Your Honor.
 THE COURT: Yes, Sir, you just have to testify. You're really not allowed to read from --
 MR. STODDARD: Just to read it - all right.
 THE COURT: This is a statement you made in the past.
 MR. STODDARD: All right, that's fine, Sir, this is something I just wrote myself. This is what happened. I ran - well, I'll go over:
 I was walking out of Wal-Mart. It was obviously a - a terrible day. There's rain and sleet and the grounds were icy. I was walking, looking down. When I approached the aisle that the alleged victim was driving toward, I looked up. I saw the vehicle backing out. I moved toward the left side of the lane, because that's where my car was parked. And I saw her in the middle of the aisle.
 So, I looked back down, with no reason to think I was gonna get hit by a car. I kept walking, looking down, because - as your photon indicates - there's sleet and ice on the ground, in the area where I am struck. Out of nowhere, I was struck by the vehicle. The vehicle didn't stop. I started to slip and the right - the right rear tire of the vehicle stopped on my right

foot.
 I was screaming. I sawing the milk jug off the one - "Move your car, you're on my foot", screaming. The milk jug had went flying. And as I was able to pull my foot free, I'd slipped on the ice. And when I fell, I撞ed the window with my elbow and it had broken. When I looked through the window, the driver was on her cell phone talking. I didn't believe the driver at any point had seen me. At this point, I didn't know.
 And then she she got out of the vehicle, I backed away. It's like, "I'm not fighting, call the police", "cause I didn't mean to break the window, but she was on my foot, and I - I thought I'd gotten hurt. I mean, the vehicle struck me as I walking by and then stepped on my foot. And then, before I'd started walking, she was in the middle of the aisle. So at some point, she drove towards me - as the video showed - she drove at me. I wasn't walking towards her vehicle. She came towards me.
 I don't know where this malicious intent came from? I never saw the vehicle strike me.
 MR. JORDAN: Objection, Your Honor.
 THE COURT: Overruled.
 MR. STODDARD: I never saw the vehicle strike me.
 THE COURT: Overruled.
 MR. STODDARD: It just hit me and then she kept driving and then stepped on my foot. And then, in my attempt to free my

front, I accidentally shattered her windshield, with my elbow. At one point did I ever punch the window, but the -- I believe the video shows I didn't do it like that. Even as I was walking away, it shows me moving my arm, because I had hit it with my elbow. There was no swelling or bruising on my knuckles that I'd passed anything, because I didn't. I believe I'm done. I don't have anything else.

THE COURT: All right. You may cross-examine.

MR. JOHNSON: Thank you.

CROSS-EXAMINATION

BY MR. JOHNSON:

Q. Sir, Mr. Robbins, it's your testimony that you accidentally broke this rear windshield?

A. Yes.

Q. Okay. And that on the time you did that, you were somehow trapped under the car?

A. The pictures of the car show that the wheel base of it -- that the rear wheel is close to the rear of the -- the vehicle. My foot was underneath. The side of my right foot, my *sneakers* had been caught, underneath the tire.

Q. And it's your testimony that you did not yell anything at this driver, while she was --

Q. I pulled, "Move your car, you're in my foot". And I was screaming at her. There was no misunderstanding when I was screaming.

Q. And you -- it's your testimony that you did not make any racial comments to her?

A. Up until this point, I had no idea what color or even who the driver was. I had no idea.

Q. But you were right at the side there -- you said you could see her on her cell phone?

A. The person was on a cell phone.

Q. But you couldn't see --

A. I didn't have time to identify the person.

Q. But --

A. The person -- I saw a phone in their hand. I'm like, this person just hit me and they're on their cell phone. I was like, "Cause I thought I was just kinda hurt. Like, I -- they ran over my foot."

Q. Okay.

A. It hit me -- the mirror hit my knee, causing nerve damage, which I have proof of. And then ran over my foot.

MR. JOHNSON: Your Honor, I'd move to strike his testimony about the proof that he has as to any damage that was sustained.

THE COURT: All right. Well, that would be inappropriate to the question among other things, on the comment about I have nerve damage, there is no evidence of that, it's not responsive to the question that was asked.

THE WITNESS: Okay.

THE COURT: So that'll be stricken.

BY MR. JOHNSON:

Q. Sir, you see a cell phone in-hand, yes?

A. Yes.

Q. Okay, but it's your testimony that, despite seeing that, you didn't know the name of this person?

A. I made no attempt to approach or identify the person. I backed away, because -- since the window shattered, I didn't wanna incriminate a witness --

Q. Just a sec or so in there. So you didn't see the name as the --

A. No.

Q. -- identity of this person?

A. The defendant was blocking the seal.

Q. You saw the hand?

A. Yes.

Q. Okay.

MR. JOHNSON: Nothing further, Your Honor.

THE COURT: All right. Anything else?

MR. JEFFRIES: No, Your Honor.

THE COURT: All right, you can stop doing.

(GUITTERY CONTINUED.)

THE COURT: And you have no other witnesses or other evidence you wish to introduce?

MR. JEFFRIES: No, outside reply.

THE COURT: All right, so the defense rests at this

point?

MR. STEPHENS: Sure?

THE COURT: You're casting at this point.

MR. STEPHENS: Yes, Your Honor.

THE COURT: All right. If you have to make a closing argument, you can do that and then I'll hear from the Commonwealth, you just need to stand up for this part.

CLOSING ARGUMENT FOR THE DEFENDANT STEPHENS

MR. STEPHENS: The video - the video speaks for itself. And the video shows the victim - alleged victim - driving through the parking lot. She's in the middle of the aisle. She swerves toward me, the defendant, as an attempt to - I don't know, try to get by that faster, hits me. She stopped on my foot. Is my attempt to free myself, yelling, "Move your vehicle, you're on my foot", she milk jugs break on the side of her car and went flying.

And then as I was able to pull my foot free, I stumbled and smacked her rear windshield. Not intentionally. I backed away from her, slapping my arm, "Leave my arm off back from the initial impact from the mirror. And then I - I pulled at her. I'm like, "Call the police, I'm not fighting with you". I made no attempt whatsoever to intimidate the witness. The video clearly shows he backing away from her. And then I walked to my vehicle and placed my remaining groceries in the car. And then I grabbed a fishing net that I had to stop the bleeding of my

hand. Because the initial impact of the vehicle had caused the milk jug to break in my hand and that's when cut me. And I received no other injuries from slamming the milk jug against the side of the car, my elbow hitting the rear windshield, in my attempt to free myself. That's all.

THE COURT: All right. Thank you, Attorney Johnson.

MR. JOHNSON: Thank you, Your Honor.

CLOSING ARGUMENT FOR THE COMMONWEALTH

MR. JOHNSON: Your Honor, you heard testimony from both, the victim in this case, Ms. Kristina Johnson, as well as an officer of the Springfield Police Department who has been a member of that department for over 20 years. You heard testimony from the witness, Your Honor, that as she came to a stop, she noticed the defendant as he hit her side mirror. That he then reversed down the side of her car, slams his fist and the milk jug, which then flew. At this time, Your Honor, she said she put the car in park. Then she turned around to now take attention to this defendant, who, at the time by her testimony, was making racial slurs at her. That he had called her race and ethnicity at this time and that he was making statements to her in - that were hostile towards her.

At this time, Your Honor, she watched this defendant take his arm and slam it through the rear of her vehicle, causing the damage that you have seen to her rear window. That the glass was shattered across the parking lot and the photos of the

defendant's injuries as a result.

You heard from this witness. She testified that she was scared. She was upset by this. That the defendant was very angry, aggressive and assaultive towards her. And that after getting out of her car, who parked, there were other people around. And she remained away from this defendant, because she was fearful after this incident had taken place.

She also heard, Your Honor, from Officer Steeves. Upon his arrival at the scene, he testified that he didn't care what was going on with the defendant. He thought he might be either, under the influence or have some sort of mental issue, as he was acting odd. And then his characterization of the defendant at the scene was that he was belligerent.

His view of the evidence is consistent with the testimony of the witness in this case, who damages that you saw, the injuries that he sustained. The officer testified that, upon arrival, this victim was hysterical, that she was crying and upset. And that was as a result of this accident that had just taken place with Mr. Stephens.

As a result, Your Honor, the defendant was charged malicious damage to a motor vehicle. As Your Honor knows, that requires the Commonwealth to prove that this defendant did injure or destroy a motor vehicle, belonging to another person. And more importantly, that he did so with malice. I don't think there's any question that it was a motor vehicle, that there was damage

Courtesy Court Reporting & VeriTel Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

48

done, leaving us with the remaining question of whether it was done with malice.

To show that, Your Honor, the Commonwealth needs to prove that there was some sort of cruelty, hostility or revenge. It does not need to prove that this defendant knew who this victim was; but, all that's left is, was there cruelty, was there hostility, was there some revenge are going to be? I think there's credibility testimony from Officer Shewell that this defendant was hostile and acting in a cruel manner towards this witness through - this victim, excuse me - throughout their interaction. And that the Commonwealth has evidence it's burden in that respect.

As to the disorderly conduct, your Honor, again, that would require us to prove that this defendant engaged in some sort of threatening behavior or some sort of violent or tumultuous behavior or caused some sort of physical - physically offensive situation that didn't serve any legitimate purpose. I think the Commonwealth could sustain its burden on any three of those charges of disorderly conduct.

His threatening behavior, his racial remarks that he was making towards her, you heard the witness say that, after this happened, he said he would crack her skull. He called her numerous things throughout that Your Honor heard. In terms of his violent, tumultuous behavior, I think that same evidence supports that, in addition to the actual malicious act of

Courtesy Court Reporting & StenEd Transcription

49

breaking out her back window.

And finally, I can't think of any legitimate purpose for his actions. Your Honor, even if you were to believe the defendant that he had been struck by the car or something to that effect, that does not give him a legitimate purpose to then break in her windows. In fact, that would further support that this was done in revenge if Your Honor did view the evidence in that way.

Therefore, Your Honor, I believe the Commonwealth has met its burden. We would ask you to find the defendant guilty of both, the charge of malicious damage of a motor vehicle and the disorderly conduct, based on the testimony of the witnesses.

The video you've seen, Your Honor, it is hard to see, however, I believe it supports the witness's version of the events and the evidence before you. Your Honor, I believe also supports both, the witness account of the story and what the officer arrived upon seeing - excuse me - as upon arrival. And as a result, Your Honor, the Commonwealth would request that you enter a finding of guilty as to both counts. Thank you.

THE COURT: All right. I'd like to - do you have the video, Exhibit 1, has that been given to our Clerk?

MR. JORDON: They haven't been marked.

THE COURT: That was introduced as an exhibit, correct?

MR. JORDON: Yes.

THE CLERK: The Commonwealth's exhibit.

THE COURT: We'll mark that and I will take that exhibit.

as well as the other exhibits and we'll take a short recess and I'll come back.

(Court recessed at 11:04 a.m.)

(Court reconvened at 11:12 p.m.)

THE COURT OFFICER: Court is back in session, please be seated.

THE CLERK: We're back on the record, Your Honor, the Commonwealth versus Michael Stoddard.

THE COURT: All right. Thank you for your patience. I wanted to review the video again, not great quality, but on a smaller screen, so now if there was anything that I was missing or anything that I hadn't seen in the courtroom, so, thank you for waiting. Two computers the court has didn't work with that video.

WITNESS

THE COURT: All right. After considering all the evidence, I find the Commonwealth has met its burden. And I find Mr. Stoddard, that you are guilty on counts one and two of this complaint.

I find that Ms. Johnson - you didn't set out that day to do this, but you were walking along and I - it's clear to me - perhaps Ms. Johnson wasn't looking where she should be looking. And the direction of her vehicle is toward you and that there was - I credit part of your testimony - there was some contact between the two. But I also find that there's really no intent,

Courtesy Court Reporting & StenEd Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

51

no reasonable doubt your response to that was just: do exactly what she indicated, which was to smash her car window and that was done with malice. The Commonwealth has set that burden of proving that.

And with the theory of disorderly conduct, or other conduct, that amounted to disorderly conduct, I'll hear from the Commonwealth with regard to sentencing.

MR. JORDAN: Thank you, Your Honor. Your Honor, as to what we, the Commonwealth - given your finding of guilty - is requesting a split sentence.

You heard the facts before you, Your Honor. You heard the testimony from the victim. This was a very angry woman for her. You heard the statements that were made. I believe she stated that he called her a "black bitch" several times. And that is the wake of the events, next to he would "crack her skull". Your Honor.

You also heard from the officer that he seemed belligerent and that he believed there either had to be, maybe a drug problem or some sort of mental health issue in his interaction with him. And that he had a knife or his purse at the time.

In this regard, Your Honor, given those facts, the Commonwealth is requesting a one year sentence, six months to be served directly, while as probation for the second period, Your Honor, suspended for a year.

We would request that he gets some anger management help.

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

52

And additionally, that he have a mental health evaluation. This conduct is not justified in any way, given the violent nature of the conduct, given the hostility that he showed towards this woman, who was just going about her day that afternoon, the Commonwealth feels that this is an appropriate recommendation.

I understand the defendant has almost an record before the court.

However, I will note that he does have several nontrafficking orders, one that looks like it was in effect for four years or at least a period of time and granted for four years. That is itself does show that there is some record of some sort of aggressive behavior. In people seeking the courts help in helping to quell that erratic - that aggressive nature towards them.

As a result, Your Honor, that is the Commonwealth's request at this time, a six month sentence served directly, a six month sentence to be suspended for an additional year and that the defendant does get some anger management as well as a mental health evaluation.

Additionally, Your Honor, I would state that there will be restitution owed. At this point, we don't know what that restitution is, as we would ask that, in addition, that a restitution hearing be set, so that the victim can provide that restitution info. As I understood, it is a mandatory restitution under the statute.

THE COURT: Why don't we know that?

MR. JORDAN: She doesn't have an invoice at this point.

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Providence, RI

53

Your Honor, I believe prior to today, she did reach out and try to make a phone call this morning, to get the value, but I don't think at this point we have that number.

THE COURT: All right. Mr. Skakline, you have a right to be heard as to what you think I should do, with regard to the punishment having been found guilty.

MR. STEIGERWALD: I have no violent history. I work at a pediatrics office as a medical assistant.

THE COURT: Mm-hmm.

MR. STEIGERWALD: I'm not a violent person. And I - I didn't scratch the vehicle. I still don't have any anger towards the driver for the accident that happened. I believe at the time it was an accident, from the statement that I wrote. I believed it was a complete accident, and the windshield cracking, I didn't do it on purpose, but she was on top of my foot.

THE COURT: Uh-huh.

MR. STEIGERWALD: And the video doesn't show the other angle. The fact that I'm found guilty, I - it boggles my mind. I don't -- well, maybe I shouldn't have stated that and get a (play). I'm gonna fight that charge to get it off my record. I can't take this as my record working in a - as a medical assistant in a pediatric with children every, single day.

THE COURT: Well, you do have a right to appeal this decision --

MR. STEIGERWALD: I'm going yo. I have no other choice.

THE COURT: -- on the issues of law to a higher court.
 That's in your right. And you may seek to talk to a lawyer about
 that -- the issue. I don't -- I explained your rights to you.
 MR. JUDGEWELL: I understand.
 THE COURT: You choose to go forward on your own, without a
 lawyer, which is absolutely your constitutional right, but you
 run certain risks in doing that as well, as your choice to have
 that before a judge or a jury. I've made my findings,
 MR. STABBINS -- anything from probation?
 PROBATION: Judge, I would just agree with the District
 Attorney's office, regarding the mental health portion and anger
 management (indiscernible - speaking away from microphone at
 12:42:13.)
 THE COURT: Uh-hum. All right. What I'm going to do here
 is this, Mr. Stabbins. I'm going to allow you probation for
 one year. I will require that you'll have to complete the anger
 management counseling program. You'll have no contact with Ms.
 Adams -- you stay away from her. Additionally, I'll give the
 Commonwealth ten days to provide any evidence, if they're seeking
 restitution, what would be the cost to repair the window. So,
 ten days from today would be --
 MR. JUDGEWELL: That would be May 17th, Your Honor.
 THE COURT: May 17th we'll make it. So, you'll have to be
 here on May 17th on that issue. And you'll proceed to Mr.
 Stabbins, a copy of my lettering that you need to introduce as the

55

cost of repair, because the statute does require restitution.
 MR. JUDGEWELL: Aha, Your Honor, I will -- I actually am in that
 session next week, so we could put it -- it's in courtroom 4 and
 I'm in there -- assigned to that session.
 THE COURT: Well, you'll go wherever I am, I think.
 MR. JUDGEWELL: Oh, okay, understood, Your Honor.
 THE COURT: It has to go before me, as wherever I am.
 That's -- you'll set and you'll be here for that. There are some
 -- cost too will be quality and I'll file that charge. That'll be
 filed for 30 days.
 THE COURT: Your Honor, Jess 3rd.
 THE COURT: I'm required to impose a \$20 court-appointed fee
 and a \$30 per month probation supervision fee. This document
 right here, Mr. Stabbins, lays out all those conditions. You
 need to review this with probation and you'll have to sign it
 before you leave.
 And again, there are the limits on any appeal. If you wish
 to take an appeal to a higher court, if you think there's been an
 error (indiscernible - cannot understand at 12:48:01) you should
 probably consult with a lawyer about that and make sure your
 rights are -- all of your rights are protected.
 THE COURT: Your Honor, how much time for the 30
 victim/witness
 THE COURT: We'll give Mr. Stabbins 30 days to pay that.
 Actually, I'll make it 60 days to pay that.

THE COURT: July 1st?
 THE COURT: To July 1st. All right.
 PROBATION: Judge, did you want the mental health or --
 THE COURT: No -- anger management. I checked anger
 management.
 PROBATION: Okay, I'm sorry. I didn't see that. Thank
 you.
 THE COURT: All right, thank you.
 MR. JUDGEWELL: Thank you, Your Honor.
 THE COURT OFFICER: All rise.

I don't know if anybody noticed at the end of my trial but the district attorney's office it didn't have the receipt that they claimed I owed money for and they magically had no idea what the price was and I didn't pick up on that, I was too sick to notice.

I returned to court 5-10-2013 I wasn't allowed to have a copy of the receipt ada Johnston handed in, i learned the following year that the receipt was fake, she lied about it being paid for to the court.

5-10-2013

line 13 page 3 ADA Johnston says it was her understanding that your honor just wanted us to provide you with paperwork.</

did one of these lawyers tell her they weren't going to help me and was feeding her my information?

what could i have done different?

no one has ever told me who i could turn to, someone that is honest within the court system.

1 (Court called to order.)
2 (Defendant present.)
3 (8:15 a.m.)
4 THE CLERK: The Commonwealth v. Richard Stephins,
5 (In�dermissible - court understood at 9:15 a.m.: 10284)
6 If anyone is looking to testify, would you raise
7 your right-hand, please. Is that ready to be heard,
8 first of all?
9 MR. JONATHAN: Your Honor, I have --
10 THE COURT: Mr. Stephins, you can come up here,
11 please.
12 THE COURT: Be seated.
13 MR. JONATHAN: It was my understanding that your
14 Honor just wanted us to provide you with paperwork.
15 The victim is not here today, she's at work.
16 THE COURT: All right. Well, have you shown --
17 have you seen any of this, have you shown this to Mr.
18 Stephins?
19 MR. STEPHINS: No, I haven't.
20 THE COURT: The issue for today was the cost of
21 repairing the window.
22 MR. JONATHAN: That's correct, Your Honor. This
23 is the invoice, which she paid out of pocket expense,
24 \$311.51.
25 THE COURT: All right. Do you have any questions.

1 about that Mr. Stephins or and --
2 MR. STEPHINS: I don't know how I'm gonna pay it.
3 "cause now I don't have a job. And I gave the district
4 Attorney's office all my medical records. I was - I
5 has previous injuries that were preventing me from
6 doing other types of work, that's why I went back to
7 school. And I was going to have a job, but because of
8 this decision, I no longer am able to have that job
9 because of the felony. So, I don't know --
10 THE COURT: All right, can you give that to our
11 Court officers, please.
12 MR. STEPHINS: I don't know how long it would take
13 to get a job. I have doctors notes saying that I
14 can't do the work I was doing before, so I can't go
15 back to my old physical jobs. I don't know what I'm
16 gonna do until this is appealed.
17 THE COURT: All right, well, two issues. First,
18 is the amount of restitution. I see that there's a
19 bill that was generated for repairing the back window
20 on that particular vehicle. The cost was \$311.51. So,
21 that would be the amount of restitution. And for
22 today's purposes, I'll give you six months to pay that.
23 MR. STEPHINS: Other than that for the probation and
24 staff, is there any way I can do community service,
25 'cause I understand that community won't pay for her.

1 window, but for the --
2 THE COURT: Yes. You fall out a financial intake
3 form, giving all your financials, your income, your
4 expenses, et cetera, et cetera, you can get that in
5 probation. And then they can bring that forward and I
6 can address that. So, I need to have document - some
7 documentation, where we'd see whether you qualify for
8 that.
9 MR. STEPHINS: Okay.
10 THE COURT: This, you're right, you would have to
11 pay this.
12 MR. STEPHINS: Yes.
13 THEREFORE MADE (In�dermissible - speaking away from
14 microphone at 9:36:22.)
15 MR. JONATHAN: No, that's the restitution form
16 that goes on file and one should go to the probation
17 officer, there's not a probation officer is here, I'm
18 not sure where Your Honor would like me to give the
19 probation case to.
20 THE COURT: We'll need to probation come in, but
21 why don't you do this. Here's our list right here.
22 This is a matter of the Commonwealth versus Richard
23 Stephins, it was scheduled for a hearing on restitution
24 today. I've ordered restitution of \$311.51 and gives
25 Mr. Stephins six months to pay that. He has asked

1 whether he can do community service, to pay his
2 probation supervision fees and I've asked him as -
3 suggested he should see someone in probation about
4 filling out a financial intake form. So, if you could
5 show him how we do that and I think I could - and, like,
6 it'll need the conditions of probation, just to and the
7 condition of restitution, but we can deal with that.
8 Or, you can talk to the gentlemen from probation about
9 that situation.

10 MR. STEBBINS: One separate question - I was
11 injured in the accident.

12 THE COURT: Uh-huh.

13 MR. STEBBINS: And I was told by my insurance
14 company - my health insurance company - that I need her
15 auto insurance information, for them to pay those
16 bills. They've been paying up 'til now, but they said
17 that their insurance company has to cover it, cause
18 they saw the video and they said that the auto
19 insurance is responsible.

20 THE COURT: Okay, well, I really can't help you
21 with that. I mean, that - you have all - you have it,
22 with regard to the identity of the person, the vehicle,
23 or driver and you just give that, I suppose, to your
24 insurance company. That's a civil matter. I really
25 can't get involved with that.

1 MR. STEBBINS: Okay, that's fine.
2 THE COURT: But why don't you see probation on
3 that issue of community service.
4 MR. STEBBINS: Then I come back here?
5 THE COURT: Yes.
6 MR. STEBBINS: Okay, thank you.
7 THE COURT: All right? Thank you.
8 THE CLERK: [Inaudible] - speaking away from
9 microphone at 10:00 a.m.]
10 THE COURT: Yes, Bill and whatever it was, 53
11 cents, six months to pay.
12 THE CLERK: \$53.11 x 12 = \$637.32.
13 via mouth.
14 (Court recessed at 10:58 a.m.)
15 (Court recessed at 11:02 a.m.)
16 THE COURT: I see you worked in medical records
17 previously, right?
18 MR. STEBBINS: No, I was going to school.
19 THE COURT: What was that, an internship or
20 something or you were just going to school?
21 MR. STEBBINS: I'm doing an externship now. They
22 were gone like me, but because of the judgment, I
23 can't work in pediatrics.
24 THE COURT: But you're unemployed right now?
25 MR. STEBBINS: Yes.

1 THE COURT: All right. All right, so, with regard to
2 the probation supervision fees, you can do community
3 service.
4 MR. STEBBINS: Thank you, Your Honor.
5 THE COURT: Do you have the conditions - a copy?
6 THE CLERK: I have this - the amount of the
7 restitution, Your Honor, was \$331.51. And it's to be
8 due by the 15th of November 2013.
9 THE COURT: What was the date again - I'm sorry?
10 THE CLERK: November 15th.
11 THE COURT: All right. What I've done here is,
12 Mr. Chisholm, this is a copy of the conditions of
13 probation. I already made a finding that the
14 restitution be \$331.51 - I'm going to allow you to do
15 community service, but I'm also going to - if you pay
16 at least \$50 a month, toward the restitution - it'll
17 waive the probation supervision fee - do you follow
18 what I mean?
19 MR. STEBBINS: I understand.
20 THE COURT: So, if you pay \$50 a month toward that
21 \$331, I'd rather get you focused on paying the
22 restitution as quickly as possible. So long as you do
23 that, you won't have to do community service or pay
24 until that's --
25 MR. STEBBINS: The registry is trying to take my

2. this. Is there anything you can say to help us keep my
3. testimony?

4. MR. COURT: The statistic is this case - it's a -
5. the statistic provides a person's name? I could quickly tell you
6. on this charge will have six license suspensions. The Judge
7. has to say one way or the other. That's the
8. legislature. Now, they may - again, as I've said
9. before - you may want to talk to a lawyer, whether
10. there are ways to get some sort of partial license or
11. work related or something. I really don't know.
12. MR. OTTERSBORG: Okay.
13. MR. COURT: All right.
14. MR. OTTERSBORG: Thank you.

Right after my trial I talked to the lawyer services and paid for a lawyer attorney randy Milo, he's also the one that his partner Eric Applebaum. Over the years I've seen Randy Milo and Attorney Johnston very chatty together both in and outside of court.

Find out about those color photos the day of trial and fight to get copies: it never happened. I fought with attorney Randy Milo trying to get these color photos and he filed a motion to withdraw

and then I learned that the police had filed a fake report and left off information, so i called fitchet, This goes all the way back to 1994 when my friend Tammy Lynds went missing. Right now acting Springfield police superintendent is someone i know from my past, Larry Akers was one of my soccer coaches during the period that Tammy went missing in 1994, i believe he was a detective at the time. His son also played on my soccer team. I ran into Akers again in 2013 he looked like he was a patrol officer then, this was while trying to file a complaint against his fellow officers for denying me medical attention. I had asked him about my friend Tammy at this time and he had no answers and I asked him if I was ever really a suspect and he said no and by the way he responded I honestly believed him.

6-5-2013

I got the response to my complain, it's hilarious that those involved purposely left out 98% of my medical history. they could've used that information to at least attempt to explain their unlawful behavior. all my drs first judged me by my looks, they missed vital information that could've helped me in many ways. all of my issues are documented, whether i was able to describe them in a way drs understood is a different matter. i never lied to my drs, that's why i have all my answers today. Same officer who initially took my report handed me the R5

I used this piece of evidence every time I went back to court along with every other inconsistency I found the police report missing her insurance and registration information. I brought all of my medical records every time. I was a broken record. You can see by the plaintiff exhibit stamp that the court was well aware of everything that was going on and they chose to ignore it.

I aquire a complete R5 from a person named Brandon at the registry of motor vehicles on 5-29-2014 and from Massachusetts police 6-13-2014

I also sent emails to channel three news and spoke with a guy downtown Springfield and he said he was going to look into my case and then I never heard from him again and I drove down and channel 22 news in Chicopee I spoke to someone outside their news station and they were supposed to look into things and then I never heard from them again. on 5-29-2014 after talking to Brandon at the registry. Same officer who initially took my report

I reported the complaint officers altering and leaving out medical evidence to the mayors office, the mayor was even in the office that day. it was just ignored. shoulder MRI results arrived to dr march 5, I filed complaint on march 7 that means police also lied in my complaint, they state I signed a medical release and that my xrays didn't show any signed of injury. of course not, the injury was on my MRI report. even my dr said I had full range of motion and thought I was exaggerating before the march 5-2013 results came back. Investigators can pick and choose what information can be left out of reports? this is ridiculous

I was ordered to show up to court for violating the anger management I was supposed to go to. i hadn't Started yet. Talking to the probation officer Janet Eli. Knew about the girl's lack of car insurance and me being denied medical insurance and being injured. I brought Judge Hadley a copy of the paperwork showing that Kishana did not have insurance that day and he said he needed the district attorney's office there to see it and then he went and had a conversation with Janet Eli in the backroom and I was allowed to leave. The violation was dismissed

8-20-2013

8-20-2013 I had a worker's comp meeting with the Department of industrial accidents this morning before I had to show up in court. I reported what was going on to the insurance company , my workers comp lawyer, to the Department of industrial accidents and they had no idea who to report these types of crimes to. Judge Hadley had that backroom conversation with Janet Eli and I was disgusted I didn't know how this could be allowed. Judge Hadley also said that he could not read this evidence unless Ada was present but he read the evidence and then said that which is pretty stupid but whatever.

I tried to pay off my probation fees with the Hampton County District courts program but they sent us to Belchertown and had us doing physical labor at the Swift River Sportsman's club, where I'm pretty sure this probation guy lived, we were cleaning brush so that they could pheasant hunt. I believe that was the birds they were shooting. these invasive bushes started growing and they wanted free labor to clean it up.

what did police do with the video from the day of my attack?

I talked to the Manager Roger from napa and he confirmed that officers came and picked it up and he was

able to see the black SUV involved in my attack and he confirmed people entering and exiting that vehicle that was waiting for me up near Boston rd.

I wonder if it also showed someone driving illegally who lived on that street,

up until this point i still hadn't received a copy of the window invoice

page 3 i told judge Hadley about ada saying he denied my request. which she said also included the receipt because it had insurance info on it. even though judge Hadley stated i was to receive a copy on 3-10-13

page 4 i bring back up the 12-17-2012 cancelled reg and insurance, judge Hadley never questions it or asks the ADA why Kishana wasn't issued a ticket.

page 6 I bring up the R5 report i received from the detective doing my investigation against officers denying me medical attention. this officer also alter the copy before handing it to me, i didn't know at the time, but the sticker numbers and date confirm her vehicle failed for safety and they knew.

at the end page 6. judge Hadley comments, well, that's whether someone paid for that damage. this is why i kept trying to get a copy of the receipt, so i could contact the window installer. clearly judge Hadley states that paying for that window mattered, he said page 55 on 5-1-2013

page 7 told judge Hadley about ombudsman and he still acted indifferent. going into 8 and 9.

Page 10 sounds like the ADA openly mocking me, she brings up the rejected claim, it was rejected because Kishana was driving illegally according to ma state law. she had the paperwork, is she pretending to not understand how insurance works.

page 12 THE COURT: So, she wasn't cited, she wasn't charged, but you're alleging that somehow, the police would've - you think - run her plate or done some --

MR. STEBBINS: I spoke --

THE COURT: -- hold on - done some further research, put that in a police report, then erased it and that they knew it, it was in a police report, but it was deleted and not told to you?

That's your allegation, right?

page 13 first paragraph, ADA Johnston confirms that the registration should be there, it was suspended and that isn't reflected in my police report. its also missing the (red) rejection sticker for safety information. she even claims there's no reason to believe anything would've been deleted or that any information would've been withheld.

page 14 ADA states how she would be surprised if officers deleted information, she herself had information questioning my guilt and also forgot about it? and withheld statements i gave her, hoping no one else would read them. I still hadn't found my altered statement at this point.

second paragraph she isn't correct when she says this report is a full and accurate representation of what officers view, its hiding the lack of insurance, suspended registration and failed inspection.

Officers would have t be suffering from some sort of mental illness themselves to miss this information on their screens. because it's in the color photos in the docket. we'll get to that in

page 19 Judge Hadley clearly remembers(absolutely crystal clearly) what he imagined he saw in that video.

perhaps he forgot his comments about the poor quality of the viewing equipment provided by the commonwealth, the day of my trial.

I put the videos on Youtube for all to see.

Does judge Hadley remember also saying I was supposed to be provided a copy of the invoice, that he commented

might not have been paid for this very day. page 54-55 5-1-2013 what about 5-10-2013 didn't provide me a copy of that receipt

THE COURT: Mr. Stebbins, you can come up, please.
looks like you filed two motions - a motion for a new trial and another motion for some sort of discovery, so, go ahead, I'll hear from you. By the way, are you represented by a lawyer in this matter?
MR. STEBBINS: No.
THE COURT: All right.
MR. STEBBINS: My appeals lawyer said she doesn't deal with evidence that's been compiled with, help appeals, so I'd be representing myself.
THE COURT: Okay, go ahead, I'll hear from you.
MR. STEBBINS: During my trial, I was denied evidence that day. I was told that you had denied my request for her motor vehicle accident report of the day, Mr. Johnson's ghemotar car insurance information, the audio and video from the police station and two phone records.
THE COURT: Hold on a second - you were told that I denied your request?
MR. STEBBINS: Yes, Your Honor, by the Assistant District Attorney, I've already been - I was already apprised it by Judge Deatton, I believe it was. I don't have the audio recordings - I have the request here from December 5th - I've been still waiting

on these recordings - showing that I was given access to this information. It was never provided for me. And, um, she May 10%, I'd also - I requested her insurance information and I don't recall your exact answer, but I was denied that request. Since then, I've been proven - I've been under evidence my police report was tampered with. Ms. [redacted] [redacted] did not have car insurance at the time of the accident and her registration was suspended.

When I called to the Registry, her insurance and registration was canceled on December 17th - a full month before the incident. She was driving illegally or she shouldn't have been driving at all. What car shouldn't have been there, when she claimed I assaulted her, she reinstated her registration six days later, on the 23rd. And she was still driving that vehicle to and from work knowing that the registration had been suspended.

She had worked for my mother-in-law at the time of this incident. That's how I knew she was still driving the vicinity. I have the police report here and to show what evidence was deleted off the police report, and there's officers and troopers in the room here that can attest to the screen that they see when they pull up an individual's registration information that is missing from the report, but it has her VIN number, which they wouldn't have been able to just remember that. Judge, I would've had no way to defend properly, without this information that I

requested. And at the time, I thought this was just random information, not that it would be so important to my case.

THE COURT: Now is this as important to your case?

MR. STODDARD: She accused me for absolutely no reason of assaulting her vehicle, while I was walking through a parking lot, which I claim that she hit me.

JUDGE COURT: Okay.

MR. STODDARD: She knew at the time she did not have car insurance and in her panic, accused me of attacking her vehicle. She was allowed to drive away from the scene. I'm already talked to the Registry. The officers involved did access her registration information, they knew her registration was suspended and she had no car insurance. She wasn't cited and she was still allowed to drive that vehicle away from the scene illegally.

THE COURT: And you're alleging that, in the discovery you got in the case, which consisted of a police report --

MR. STODDARD: Yes.

THE COURT: -- that there was some information --

MR. STODDARD: The vehicle information was tampered with.

THE COURT: -- withheld from you?

MR. STODDARD: Very, it was deleted off the screen.

THE COURT: Deleted off the screen?

MR. STODDARD: At the bottom of - I could show you the paper, I've circled it.

JUDGE COURT: Yes, I see what you're --

MR. STODDARD: It would've been with the VIN number.

THE COURT: Yeah.

MR. STODDARD: They had the VIN number, her registration states, which should've said "suspended". I have a -- a newer copy, which says "Active, non-renewable". And the insurance company information is gone, it's confidential. She had that -- she had that insurance before it was tampered and she reinstated it, six days after the accident. And this is all over a matter for, like, a \$300 window, which my insurance company informed me, they would've paid for, if she would've had insurance on the day of the accident. If she just an accident, they would've paid, because it was under \$500, I wouldn't even of received a surcharge for the window.

THE COURT: Well, that's -- whether someone paid for that damage --

MR. STODDARD: I paid for the window.

THE COURT: Is a civil matter -- right. That's a different issue here, but in any event -- and then you have another action that you're asking that the Springfield Police Department and the Registry of Motor Vehicles, riding with access logs, for anyone who made inquiries of the complaining witness's license plate, because you've been informed that someone accessed this information the day of or the day after the --

MR. STODDARD: To explain that, Your Honor --

THE COURT: Go ahead.

MR. STERKINS: Every time a police officer or State Trooper runs someone's license plate, there's a record of that officer accessing their information. On the day of the accident, I called to the Department of the Registry and they informed me that those officers did, in fact, access her information, so they knew that she did not have car insurance and her registration was suspended and that they should've cited her and had her vehicle towed, regardless of what they were accusing me of.

THE COURT: Mr. Hon., And do you have any -- did you do anything to look into whether she had insurance or didn't have insurance, before the --

MR. STERKINS: Yes, I have a -- a copy --

THE COURT: No, before the trial?

MR. STERKINS: I've made -- the District Attorney told me I did not need a court order for it, that they were going to give me her insurance information, along with the motor vehicle accident report from the incident, which would've had her insurance information listed on it. And there's no motor vehicle accident report. I've made multiple requests at the Springfield Police Department, but because I filed a complaint against the Springfield Police Department, they haven't been helping me.

THE COURT: Well, it was a police report.

MR. STERKINS: Yes, Your Honor.

THE COURT: And that's when you received and your

allegation is that this sort of information about insurance or lack of registration was not provided to you and, in fact, was dictated?

MR. STERKINS: Yes, Your Honor.

THE COURT: There was no accident report, right --

MR. STERKINS: There was no --

THE COURT: that you filled or she filled, as far as you know?

MR. STERKINS: There should've been an accident report.

THE COURT: Well,

MR. STERKINS: Even with the police report, it's only one side, so they should at least had her side of the story and the motor vehicle accident report, but there is no motor accident - vehicle accident report, because, if there was, it would've shown that she did not have insurance and her registration was suspended. And then her defense or her accusations of me doing it out of nowhere, for absolutely no reason, the one car in the parking lot and I've never had a violent history, I just wanted to attack it and I got lucky that it didn't have insurance and had a suspended registration.

THE COURT: All right. Attorney Johnson?

MR. JOHNSON: Your Honor, I'm not sure if you recall, but this is a pro se trial that proceeded in front of your Honor back in May, a Bench Trial. What I can tell you Your Honor is that there was an arraignment date in Jersey. At that time, the

9

Defendant requested from us that we get the Walmart video. We did do that, that was provided to him. He was provided all the discovery that existed.

When there is a motor vehicle accident report, it's typically noted in the police report, in the narrative, with the words, "motor-acc", which is as accident report. Those are typically then requested from the police department. This defendant was provided all discovery that was available to the Commonwealth, as far as I'm aware, there were no pretrial conference reports, indicating that there was anything missing that we would be provided to him.

I decided to go pro se to trial. Back in March, I think, there was a discussion of him having a Bar Advocate appointed. However, he then waived that and asked for a quick trial date in May. We proceeded to trial. There were no notices to dismiss or discovery notices or anything brought before Your Honor on that day. We went to trial. Your Honor found him guilty. There was then a motion for reconsideration of that filed and a notice of appeal. He's continued to file notices, both with our Appellate Unit with our office and, I believe, the Springfield Police Department, seeking what I would consider at this point, post conviction discovery.

At this point, Your Honor, I would -- I guess treat this as a Rule 33 motion for a new trial. However, I'm not sure we've received a notice for a new trial. The appropriate way to go

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Chelmsford, MA Providence, RI

10

about him would be to file a motion for a new trial. In that motion for a new trial, there would be some level of belief by your Honor that there would be a likelihood of success, if the information that he sought was obtained or even existed, and other than existence of the -- I believe it's G4, Rule 31, G4, post conviction discovery -- it basically has to say that that discovery would somehow rise to a level of him having some success, if he were able to obtain that post conviction discovery.

In the case, I can't see how, whether or not the car that he is -- has been found guilty of crashing in the rear window in the parking lot -- whether it makes a difference whether the car was insured or not insured or registered or not registered or whether the driver had a license or not. Those are not issues that were in the case.

The case was, did he maliciously damage that vehicle. We went to trial. Your Honor heard the evidence, you saw the video yourself. And I can say that, in the wake of this, he then filed some claim with his insurance companies, which I believe were denied. And I do -- from the Commonwealth's perspective, if this is to be looked at as a motion for new trial and a motion for post conviction discovery, I don't see how these documents that have been proved to you -- and before the Commonwealth -- would even begin to meet the standard to, first of all, allow Your Honor to order that post conviction discovery, if it even

Courtesy Court Reporting & Verbal Transcription
Springfield, MA Worcester, MA Boston, MA Chelmsford, MA Providence, RI

11

exists, which I don't believe it does. And then to allow a -- what I would say an evidentiary -- some sort of an evidentiary hearing, prior to your Honor considering the granting of a motion for new trial.

What I can say is, you've already heard the trial, you heard the action for a re-examination of that trial and the appeal, I believe, has been filed. So I would ask Your Honor to deny this request. As I said, I don't think the documents that have been filed predominantly meet the guidelines. This is a defendant who has decided to go pro se, both at trial and post trial. Let's be held to the same standard as any other attorney would be, by doing so. And as such, I think, first predominantly, it's not proper. And second, if he were to even meet the merits of it, that it doesn't raise to the standard set forth by the rule, and therefore, I'd ask you to deny it.

THE COURT: Let me ask you, Attorney Johnson, as far as the allegations here that the discovery that was provided to Mr. Stottess prior to trial, in the form of a police report -- it appears -- what do you think of his suggestion that something was not -- something was withheld from that, in the sense that, if the -- his -- if I'm following you, Mr. Stottess, your thought is that if the police came to the scene and they took the information from you and from Ms. Johnson (phonetic), that with the information about her vehicle, VIN number, et cetera, they knew on the time that the vehicle was unregistered, unlicensed and --

Courtesy Court Reporting & Verbal Transcription

12

MR. STOTTESS: Yes, Your Honor.

THE COURT: Are you alleging that she was charged at that point with those crimes?

MR. STOTTESS: She was not charged.

THE COURT: Okay.

MR. STOTTESS: She wasn't cited. There --

THE COURT: No, she wasn't cited, she wasn't charged. But you're alleging that somehow, the police would've -- you think -- she was placed on some kind of --

MR. STOTTESS: I spoke --

THE COURT: -- or hold on -- done some further research, yet that is a police report, then erased it and that they knew it, it was a police report, but it was deleted and not told to you? That's your allegation, right?

MR. STOTTESS: Yes, Your Honor.

THE COURT: Okay. Attorney Johnson, what do you think of that?

MR. JOHNSON: Your Honor, this is a typically police report, it was completed on the day of the incident. It's an arrest report, therefore, it's completed that day, either at the end of shift or after the incident, unlike a warrant report, which could be technically completed later, but because there was no arrest, it's completed that day.

THE COURT: No, I'm --

MR. JOHNSON: It's as -- from the Commonwealth's

13

prospective, a full and accurate reporting of what took place that day. The officer types in all the information. He gives the information of the parties, of the vehicles. As I stated, it doesn't reference any accident report is there. It does reference various other things, such as her restriction or an evidence tag. There's no reason to believe that anything would've been deleted or that there would've been any sort of intent to withhold information from this defendant. That's not a concerning thing that we come across.

What I can tell your Honor is that, these police reports, they are a full and accurate representation of what the officer views, at the time of the accident, to be the important facts, regarding the charges that are going to enter. I am not aware, Your Honor - I have not done the leg work that Mr. Stoddard has done, to go to the SRO, to pull up her records, to find her issuance, to do all of those things - that is not a typically discovery request that I would be making.

If Mr. Stoddard had requested that from us --

THE COURT: I'm not expecting you would.

MR. JOHNSON: To be honest, I'm not even sure that we would. I think that would be Rule 17 motion that he would have to file to get those kind of records. They're not in the case and custody and control of the Commonwealth. It's not something that we would've had access to ourselves. So, quite frankly, I'm not sure how he even got some of that information.

Courtesy Court Reporting & StenTel Transcription
Springfield, MA Worcester, MA Boston, MA Chelmsford, MA Providence, RI

14

From my perspective - from the Commonwealth's perspective - this is an accurate police report with full information about the incident that took place that day. Not information in there, I would be surprised to find out that there would've been something on there that some officer would've gone in and specifically deleted in some way, to withhold information from Mr. Stoddard.

I think there's no basis for that allegation. It's commonplace that vehicle information goes in there, with a VIN number, with an owner, with the state of it. It's not going to give all of their license information. It's not going to give all of the various details of their issuance, their registration. It's not a traffic ticket. It's wasn't given a traffic ticket.

I don't see, as I said, any partial conference reports, any discovery requests, any motions in my file, that those types of things were requested from Mr. Stoddard. It's listed at the Clerk's file. I'm not sure if there's anything that I'm missing, but I just don't see those requests. They were never made to me. I don't consider any section of it as the day of trial. As Your Honor typically sees things like we just saw with the drug search (phonetic), we're here on the day of trial and defense counsel is asking for a motion to dismiss, because discovery wasn't provided. That did not take place on the day of trial for Mr. Stoddard.

So, from my perspective, this is a full and complete police

Courtesy Court Reporting & StenTel Transcription

15

report. This is what was provided to him. We provided any other requests that he made, including the widow. And, beyond that, any other information from the Registry or from - those - I can't imagine a time that I would be providing a defendant, my alleged victim, Registry information or my alleged victim's innocence information. I just - I can't see how I would ever be in a position to do that.

It's something that I think would be the basis of a Rule 17 motion, if the defendant was seeking that type of information. Such as, you know, victim mental health records, victim medical records, victim registration, licensure, so from that perspective --

THE COURT: I understand, Attorney Johnson, but a little simpler question, which was not really getting into discovery - his allegation is that somehow he's been told by the Registry of Motor Vehicles that an officer accessed the registry records on the day of the police - on the incident. And that he believes it wouldn't show these things and that he surmises - and I get it, Mr. Stoddard - that would've been in the report. Some information that she was cited, charged or whatever or not. I'm too saying - that's all I'm saying. And you don't see each other - you're saying - you didn't see anything in that report that would be the case.

MR. JOHNSON: I don't, Your Honor.

THE COURT: All right.

MR. JOHNSON: They say that her - what the color and make of the car was, what the registration was. There's no mention of passing her information or any result from that information. That's not to say it didn't happen, but it's not in the report. The report was never made to the Commonwealth or provide that information. It seems Mr. Johnson has gotten that information on his own.

THE COURT: Uh-hum. Uh-hum.

MR. JOHNSON: I don't think there's any indication, from that report, that anything was requested and then deleted and/or not provided to Mr. Stoddard.

THE COURT: All right. On that, I'll give you one last word and I'll go to move as best. I'm going to take it under advisement.

MR. STODDARD: I didn't request it from Mr. Johnson.

Another Assistant District Attorney told me I didn't - I just had to repeat it from her, which I did. And then I had to --

THE COURT: Repeat what? Request what?

MR. STODDARD: Request the motor vehicle accident report and her insurance --

THE COURT: There is no motor vehicle accident report.

MR. STODDARD: At the time, I believe there would've been and then she told me I needed to --

THE COURT: Well, whether there should've been or not is a different subject. I have no indication that one was ever

created. All right? There's an incident report, right, but there's no accident report. You understand the difference?

MR. STODDARD: Yes, Your Honor.

THE COURT: You didn't file one, right?

MR. STODDARD: No.

THE COURT: Okay.

MR. STODDARD: And at the same time, I made a request to her for the audio and video from the police station and --

THE COURT: Um,

MR. STODDARD: - Mr. Johnson's telephone call phone records, which I believe was Judge Beattie - I don't have it written down,

THE COURT: Well, you can't really --

MR. STODDARD: Judge Beattie gave me access to it. And I have the dates that I went to him, but I'm still waiting - I still have the request for that information from December 5th, which still hasn't been provided to me, that would've shown that --

THE COURT: December 5th after the trial, you mean?

MR. STODDARD: No - ah, yes, after the trial.

THE COURT: You well, that's --

MR. STODDARD: From the recordings that showed that I asked for this information that was denied me during my trial. I know the request, but it's never been provided for me.

THE COURT: When request do you have, that you have is

writing, made before the trial - what you say --

MR. STODDARD: No, this was - well, I don't have a number, he gave it to me verbally.

THE COURT: After the trial - they're two different subjects. I'm really focusing on what is it that you asked for, before the trial, that you didn't get?

MR. STODDARD: Specifically, Judge, the - I believe it's the - the - the video and audio from the police station and her cell phone records from the time of the accident. He verbally gave those. They weren't in writing. The other Assistant District Attorney was supposed to give me those and told me I didn't need to request her insurance information or the motor vehicle accident report, because it wasn't something that they needed to request, it's just something that should just be given to me after an accident.

THE COURT: Well, I don't have any of that is front of me.

MR. STODDARD: I understood that, Your Honor, but my point is, the reason there wasn't - they - there was no accident report in this M3 Inquiry - I shouldn't even have a copy of this paper. The day they accessed this, the Registry told me that they accessed it and they knew that she did not have insurance and they knew she had a suspended registration. The - the reader from my report, they said that she should've been cited, if she'd been in my police report and this is - the Trooper is here and the police officer - when they ran a registration.

Catalpa Court Reporting & StenTel Transcription
Springfield, MA Worcester, MA Boston, MA Chelmsford, MA Providence, RI

19

that's the access they see.

THE COURT: All right.

MR. ATTORNEY: And this information was purposefully deleted from this report. 'Cause that would've - it would've changed my defense. I can't take any other words was before this. She just accused me, out of nowhere, of attacking her vehicle for no reason.

THE COURT: Well, I'll take it under advisement, sir. I have to move on here. I understand I think your argument. The - some of the issues have go back to what I tried to get across to you the day of the trial, whether you wished to do anything else in proper protocol, whether you wanted to have a lawyer, whether you - and you absolutely insisted you had to go to trial and I would - I remember this absolutely crystal clearly - and that you wanted a trial that day and I would see from that video that you were completely innocent and that's not what I saw, but some of those issues, trying to do some of this after the fact, presents some real problems.

I'm bound what you've said. I understand. I'll look carefully at it. I'll take it under advisement, both parties, so I'll issue a written decision.

MR. JUDGE: Thank you, Your Honor.

	Defect No. 10530000024
COMMONWEALTH	COPY
v.	
RICHARD STEPHENS, JR.	
Defendant's Motion for Post Conviction Relief	
<p>The defendant alleges that information was deleted from a police report he received from the Springfield Police Department. The defendant claims that he was not present at the time of the accident and that he did not receive a summons or ticket, "had to leave because I didn't have my license." He contends that if the motor vehicle accident report had been filed, it would have disclosed that his vehicle was operated by Kishana Johnson when the defendant was found to have maliciously damaged, was not registered or insured at the time of the event in question. He argues that this purported information was withheld from him, and that it affected the outcome of the juvenile trial that was held against him. He has made a request that the court issue an order mandating that the Commonwealth immediately conduct an investigation into Kishana Johnson's registration status as of April 15, 2013 to May 2, 2013. He reports that he was informed by the Registry that Kishana Johnson's registration information was accessed by the Springfield Police Department on January 10, 2013, and as a result the police were informed that the registration for his vehicle had been suspended on December 17, 2012 for not having insurance, and that it was reinstated on January 21, 2013. His hypothesis is that this registration was in fact deleted from the police report filed January 10, 2013.</p> <p>Discovery in the instant of a matter by a party that is not a matter of right. The</p>	

If he is done and it is found that the discovery of those facts that might be necessary to keep him in court for a new trial would be appropriate, a judge may consider allowing such discovery. A decision to allow post-conviction discovery may be appropriate when there is reason to believe that the defendant may be entitled to relief if the facts were fully developed.

In this case, the defendant's alibi on the basis of newly discovered evidence "is removed in my estimation from the list of real factors which could have been cast doubt on the validity of his conviction." Such evidence must be material and credible, must have been unknown to the prosecution, and must be shown with reasonable diligence at the time of trial. In this regard, a judge must determine whether new evidence would probably have been a real factor in his or her deliberation and after a jury-verified trial.

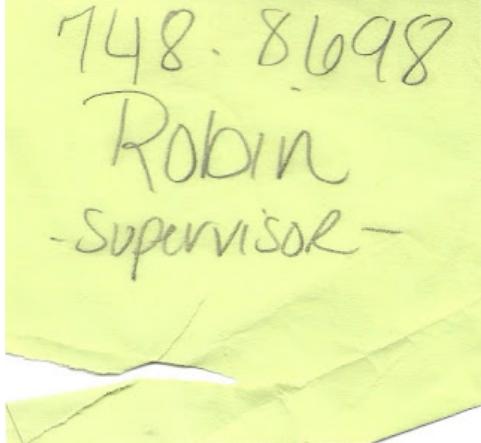

In this case, the defendant's allegation that the prosecution deleted information from a police report is not sufficient by any credible evidence or any respectable inference. The fact that a motor vehicle "accident report" was not released is not relevant. As the facts of this case are known, I found the testimony presented by the Commonwealth to be credible, and it did not credit the defendant's testimony regarding the event that gave rise to his criminal complaint.

For these reasons, I do not find that the defendant is entitled to engage in post-conviction discovery, and his motion for a new trial is denied.

*Attacked without

discovered 5-22-14

On Wednesday January 14 at 14:30 I began my walk from Walmart in Springfield, MA. the weather conditions were icy roads with a slight wind. I walked toward the rear of the car when I was parked and started on home what my perspective was the right side of the road. In the meantime a vehicle began backing out of a space as I was walking toward it. I don't believe they knew me, but they were driving slow enough that I felt safe in crossing over to the left side of the road. my car was parked on the left side, further away from the front of the store, or crossing seemed the logical thing to do. I made it to the left side of the road before the vehicle backing up backed over me. At which point I looked up to see what was in front of me. I saw a group of approximately 8 people on the same side I was on, a woman and some younger children and I saw a white SUV almost to a stop in the middle of the side approximately 10 feet away from me with the driver in what appeared to be a cell phone. So I continued my walk towards my car and the group of children looking down because of the icy conditions and seeing that there was possibly trash debris in the ground by customers of Walmart and more importantly I didn't want to slip and fall on the uneven pavement. A few moments later I was struck by the right most end of the body of the same SUV and had been a safe distance away directly behind. I never saw it coming, the driver must have reversed towards me because I didn't notice the visibility of the road while walking, the driver hit my right knee and the body of the SUV hit the gasket of slick I had in my hand causing it to hit my right leg and twist it to the point that the slick (gasket) broke and hit my right knee. I felt a huge surge of pain and soaring in my right shoulder joint and right hip and I fell flat on my right side, the pain was instant and I began seeing stars, the impact though is wasn't in my opinion very bad it just caused me to lose my balance and the white SUV's rear right tire ran over the side of my right foot and it was

at this moment that the driver chose to step trapping my right shoe under the edge of the tire (I didn't know it at the time, but how far only one over the shoe and not my foot and toe foot). So it is a comic called move your car you're on my foot and I owing my right shoe to the rear passenger side of the SUV. hoping to get the drivers attention, the milk jug I was holding was rattling contents everywhere and the jug was flying and I was pulling as hard as I could to get my leg free and then I feel move your car again and owing my elbow on the side of the vehicle again and while I was owing it I was able to yank my foot free, but I stumbled and my elbow on the bottom right corner of the rear windshield instead causing it to shatter (which shouldn't have happened, it was either I had hit the window or the window glass was already a deficit in the window), at that point I could see through the now broken window and there was a cell phone in the drivers right hand and I pulled got off your cell phone, you just hit me with your elbow and stopped your car on my foot, much where you're driving, the driver said something refer to me or to the person on the phone. But I don't recall what they said because I was so freaked out, the driver then began to drive away, so I started to walk to try to get to my car in so much pain that I went in any condition to chase the vehicle down and a woman have I heard yelling behind me. I then turned around to see that the driver had decided to stop and I then yelled call the police and yell don't with it's when they get here and I started walking towards my car because I didn't have my cell phone on me to call police and I knew there was no police in agreeing with this person about it and telling that her window was broken in my attempt to free my foot from under her tire. I didn't want to approach her and make her feel that I was in my rage causing her in danger or that I was trying to intimidate her. The driver yelled some more and I yelled back call the police and then we'll talk. I then placed my remaining groceries into my car and grabbed a fishing rod I had in my truck to help stop the bleeding on my right hand. The pain

in my wrist and shoulder was building every moment and I could feel swelling in my right temple where the officer hit me as I turned around waiting for officers to show up, while waiting I was approached by a few customers and Walmart security and asking if I was okay, I explained to them that I had been hit by the white SUV that was now parked in the aisle towards the store and that I was in severe pain and I felt sleepy. I explained to the security guard that I had a previous injury to my right wrist and had surgery on my right shoulder, but up until the moment I was hit, I had been kindly pain free in these areas because of keeping my wrist and a successful surgery to correct the loose tendons in my right shoulder. I asked the security guard to tell the police they too, I didn't want anyone thinking I was trying to fake an injury or that I was trying to claim to have been in a 100% perfect condition before this incident happened. As the what felt like
Kroger the police arrived and arrested me.

received cjis papers and a shorter date range was mailed.. this driver was also pulled over march on
Slater Ave at one point and that's not reflected here. Her license was suspended when the officer on
slater pulled her over and she still had a rejection sticker for safety.

call from rosemary court 5-22-2014

5-27-2014

Judge Boyle Ignored evidence i provided the court

I'd provided the police report, my unaltered notarized statement and the altered version, the fake receipt I found inside the court docket, the actual receipt I got from the window place, copies of my medical records, and the complaint from the civilian department, copies of this girls lack of insurance.

I was dismissed before I could speak.

5-29-2014 learned that driver always drove illegally, never had insurance.

May 29th I talked to Brandon from the registry of motor vehicles and he was able to give me an insurance inspection inquiry, a list of when this woman didn't have insurance over the last couple years, and a correct R5 that shows that the officer from the civilian complaint department did not give me a full R5 when he printed it out for me. The rejection status was missing from the officer's version.

5-29-2014

after a ridiculous amount of effort, i was able to get a registry employee

to help get me legal copies of a registration/title inquiry without a court order.

through this information i was able to confirm that Springfield police officers did in fact delete information

from their reports. An R5 from the MA state troopers shows both police print outs have

been altered by different Springfield police officers at different times for different reasons.

i did this because i felt judge Hadley was trying to withhold information from me, i

wanted to prove how hard it was to obtain information and to prove i wasn't a liar.

Ai reflection and questions:

Don't forget that Brandon told you that driver registration was suspended for both taxes owed to Chicopee and lack of insurance. That's tax and insurance fraud cause she lived in Springfield a few houses away from me. She lived in colonial estates before that, that's also in Springfield. Judge Hadley, Ada Johnston and those Springfield police officer aided and abetted her, then conspired to cover it up.

ADA Johnston finds forged court order she was waiting for, even though it was addressed to someone else, she was alerted 6-3-2014

ADA katharine Johnston

what happened to the original copy of the court order for the video from Walmart that ADA Johnston had?? She only gave me a copy that i gave to Walmart. ADA Johnston also had originals of my statement that was notarized and Sheldon's statement. she only had a copy of the security guard statement, because he gave me a copy and kept the original at Walmart.

reminder: I was able to obtain the original statement from Walmart security after i was reminded it existed by the report i got from police investigating my complaint against officers Thomas Sheehan and Thomas Douglas. i then went back to Walmart for a copy and he handed it to me.

Then I went to the window place to see how this driver paid for our window since she didn't have car insurance, that's when i learned ada Johnston lied about the window being paid for.

The owner of the window shop wasn't gonna give me a copy of the receipt to return to court because he didn't believe anyone was ever going to pay for it, so I paid for it and brought a copy back to court.

I never asked the owner how much the receipt was I simply offered to pay for it he said okay and I went by what the court had told me it was and I had previously paid to the court. It wasn't until I got to court that I noticed that the prices were different and that the original unaltered price was \$245, less then the 311 claimed. I went back to the window shop and accused the owner of changing the price and he became furious with me and demanded that I leave. I said I was going to call the cops and report what he did. And he said I never asked him what the price was I just said I would pay for it and

I ran off and then I came back with a money order. He told my better leave right now and then he pays I get some help. I asked him well why is the price different, and he said he didn't know he said that the \$245 was the price that he faxed to the insurance company and that the driver never returned to pay for her window when it came back that she did not have insurance. He said another woman came and asked for a copy of the receipt and said she needed it for court and she never came back and paid for the window either. I'm lucky that guy didn't knock me out he was way bigger than I was and he looked like he was pissed and I was rude and disrespectful and I don't know, I have no excuse for my behavior I was sick at the time so it was my fault i jumped to conclusions without asking him.

thankfully I got him to write that statement before I pissed him off. lol

6-13-2014 after people ignoring me at the courts, i went to the state police and asked for their help. they gave me papers but didn't know what to do or who to contact. They didn't know why the R5 the officer that the complaint department gave me didn't have her rejection sticker information on it. it should have been there.

Kishana is able to get a harassment order against me. once i found out she lived up the street, i had contacted the Springfield police to report her lying about her address and using a fake address for her insurance and excise tax.

they told me to go f myself. I'm actually really shocked that her insurance company didn't try to file any charges against her that the state didn't try to file any charges against her for tax evasion or insurance fraud. I believe she was also getting assistance at the time so

Introduction

What was supposed to happen:

what actually happened;

why it matters

Why it matters: AI reflection and questions

I had just gotten out of the shower on Feb 12 2016 when I heard a grown man shout - you're warned not to go to court. I looked out my bedroom window and saw a black fedex employee next to a black woman with her hair pulled back in the driver's seat of a dark green/black men wearing loose face masks and black clothing fighting with my neighbor Richard Stevens who was leaning jeans and a tan shirt. The men were shouting at him. I heard them say "you're gonna be shot". From the driver's side I took the license plate. I got another look at the driver and need to get dressed but by the time I got outside the black fedex was far away to see the license plate but it turned left onto Wisteria St. There was a lot of snow on the ground and the street was very icy. My neighbor Richard Stevens was crossing houses and would not be found if I went when I drove up the street.

The next day I called the Springfield police and did a wellness check on my neighbor because I hadn't seen him since the fight in the street.

I was standing across the street from my house talking with a neighbor on a Wednesday, 21.11.2014 it was my off day, when I saw a slim black female walk up Phillips and placed an envelope in the mailbox for 54 hapse when she walked back up Phillips and entered the building at 26 phapse then shortly thereafter my neighbor Richard Stachowiak came outside and handed me back our letter and opened it then he walked across the street where we were standing and said just received a court order granting him access to cijo so he can prove that a couple of weeks ago he was in the car with us and had been tracking us getting away with driving without license and he got this suspended registration. He said he didn't know he would get this order cause one judge refused to give it to him and after months of file disappearance they finally gave it to him the day before.

J. H. THAYER

He then said he's going to staples to fix it. he went into his house then a short time later came out and drove away.

I was standing outside talking with a neighbor Thursday sep 4 2014 when I noticed a white suv with a black woman that ran a stop sign on my street. When I got a good look it was also to identify her as the driver of the black suv from the morning I saw my neighbor Richard stebbins get attacked next to my house. I was about to jump in my car to go write the license plate number and when she drove off I saw it was the same suv. I went to Phillips ave to get a better look and when she came around the bend she had one of the staples to get her mail I was positive that this was the girl who was driving that day. I have seen this white suv coming and going from that address for the last few years with Springfield police cruisers often parked out front.

On Friday I told Richard stebbins that I saw the woman driver from the day he was attacked and that she was driving a white suv plus number 26 phillips. He stood right up she said he said that's impossible because that's the address he was attacked down the street she lived in Chicopee and he also said her license and name were suspended cause she didn't have insurance and owns Chicopee excise tax from the last few years.

Monday morning Richard stebbins came to my house and said that I was right and the woman who lives at 26 phillips was kishana Johnson the same girl who ran him down and he was driving. He said he was standing up later when he saw kishana run a stop sign and drive off. He said he saw there was also a police officer driving north on elmer and he told him he was a police officer about her lack of license and insurance and he said the officer made a u turn and drove off as fast as he could towards boson rd and made an attempt to arrest her. I told him I can identify her if the Springfield police come to take a statement.

Richard stebbins came over my house on Wednesday sept 10 2014 morning and said he just talked to detective jim goldrick in charge of his assault case and said he needed me to go down to the court house with him and that kishana had gotten a harassment order against him. We went down to the clerks office and the supervisor wasn't there.

We returned the next morning to speak to john gay. We spoke with him and he said he wasn't going to investigate anything. I wasn't satisfied so I demanded Richard to speak to the clerks supervisor. Richard then asked me to write everything I can remember about this situation so he can have it for court on Monday sep 15 2014

and then I went to the courthouse and paid a dollar and got a copy of the check that I mailed to that woman I mean the courts mailed to her and I compared it to the copy the signature on the receipt that

I had from the window place and they didn't match 10-1-2014

2014-10-1

i tried once again to report the illegal activity i found going on.

courts denied my attempts at showing what i found.

i also noticed the signatures on the harassment order and those

auto glass receipts were different, so i went to court and paid

for a copy of the check they mailed Kishana, so i could get a better look at her signature

<p>The undersigned affirms the following on <u>10/21/04</u> at <u>10:00</u> a.m. of the date indicated for the purpose of this affidavit, under an oath or affirmation imposed by law:</p> <p>On <u>October 21, 2004</u>, I was staying at the <u>Best Stay Inn</u>, which may be located at about <u>1000</u> Massachusetts Avenue, in <u>Kennebunk, Maine</u>. At <u>10:00</u> a.m., I left the Best Stay Inn and headed west on <u>Main Street</u>. As I was approaching <u>Route 1A</u> and <u>Route 202</u>, I noticed a black Ford Taurus, license number <u>2D1-1444</u>, driving east toward me. The car passed about <u>10 feet</u> from me before beginning driving toward me at <u>100 mph</u>. The car then began swerving back and forth as it was being driven at such a high speed. At the passenger side of the Best Stay Inn, the driver of the car (who was wearing a dark-colored shirt and dark-colored pants) turned his head to look at me, and then he turned his head to look at <u>Route 1A</u>, as a result of which he stopped his car to look at me. He was driving at <u>70 mph</u> for me. The owner of <u>9 E Avenue</u>, located across the street, was able to get a good look at the female who was driving the Ford Taurus.</p> <p>On <u>Sunday, September 5, 2004</u>, the driver of <u>9 E Avenue</u> told me her she didn't like the way this man had been driving. She said she was at <u>9 E Avenue</u> and he was passing by her when he pulled up in front of <u>9 E Avenue</u>. He was driving at <u>70 mph</u> for her. She said he was driving at <u>70 mph</u> for her. She said he was driving at <u>70 mph</u> for her. and then i was super confident i would win my forgery case, but i felt so sick. I couldn't understand what was wrong with me, I was seeing dr's and therapists and trying to take depression medication, but it made my hyperthyroidism worse.

Tried to make courts aware of altered statement and inappropriate behavior going on. I thought it was this girl because it was her case and I was sick and dumb.

12-23-2014 bay state emergency room and psych ward notes.

Attorneys John Nolan and Elaine Pourinski both agreed that my evidence was more than enough to clear my name of any wrong doing. attorney Nolan had to excuse himself because of his friendship with ADA Katherine Johnston and it being a case she was involved in. Attorney Pourinski even had an investigator corroborate everything I'd said in my previous statements in a 2015 meeting.

he even questioned me as to why i paid for the window, while we were all in her office. I told them that on 5-19-2014 Edward Kavari told me since the shop manager won't give me copies or

write a statement,
about the window(because he was worried he'd never get paid for it), he suggested that i should pay
for it,

then no one can argue restitution, because there is none. i also told ADA Kavari about the
ombudsman Judy saying
that i can call while in the court room and she'll just tell Judge Hadley himself that Kishana's r5 was
accessed

1-16-2013 at 2:49 and she can name the officer, that way i won't break any privacy
laws, even though there's nothing private about it. it's just an officer name a time and a license plate
number.

I never got to talk to Mr Kavari after i was able to save enough to pay for the
window, i wasn't able to inform Kavari or ADA Johnston when i returned to court on 6-13-2014 when i
was finally

able to afford what i thought was \$311.51, that the receipt was also a fake.
the investigator was able to confirm that \$245.94 was the amount submitted to the insurance
company.

The investigator even confirmed that i went back to the window repair company and annoyed the
manager after discovering the fake receipt and different total. (at this point i was unaware of the fake
court order,
and even when i first received the forgery court date, i thought it was because i found out someone
altered my
notarized statement deleting pages and electronically forging my signature. so i kept looking for more
evidence to prove
Kishana and the officers were hiding something. i reported my statement being altered to John Gay
5-22-2014, my

file had been missing for some time at this point, i kept trying to get audio of judge Hadley telling
me my jury had been sent home by accident,
so i was regularly calling the court house and asking Paul in the office if he had any luck finding that
part of the audio

from the day of my trial or if judge Hadley's ruling had come back on my motion for new trial)
I went down to the court house 6-13-2014 after paying for the window with all the paperwork
the manager gave me and a statement he wrote stating Kishana never returned to pay for the
window and didn't have insurance at the time of the accident.

I tried to talk to ADA Edward Kavari or Katherine Johnston, I wanted to show
someone in the ADA's office what i had found, but they both unavailable.
this time while i was there, I was able to obtain a photo of the original receipt, someone in the office
finally

let me see physically the receipt on the counter (instead of just telling me about it as had been the
case for a year),
but they still didn't feel safe giving me a physical copy.

In the photo you can see the fake receipt has a red paid for stamp and a date. at this point i know
everyone at the court house heard
me run my mouth as to what i had discovered. so of course i
wanted to know why the amount on the receipt the auto glass guy gave me and the one that ADA
Katherine presented to

Judge Hadley was different than the one i had just paid for.
so i went back the next day because the manager wasn't in the shop when i drove by.
Needless to say, i probably didn't sound very polite when i asked why he gave Kishana a paid for
receipt

if she didn't pay for it, i wanted to know why he increased the amount of her receipt and . i'm pretty
sure

this is where i wore out my welcome. the Auto glass guy said he never gave me a price, i only asked if
she

paid for it and if i could pay for it and then ran off after i paid for it before he could say anything.
he told me he already deposited it and asked me to leave. i tried to get him to write another statement
and

he kindly told me he was a religious man and thought i needed to let this go. that was the last i spoke
with him

The investigator even confirmed no one went back to the window company to ask about or pay for the
window
after i reported it down at the court house.

i believe those superior court judges, their prosecutor and my appointment attorney Elaine Pourinski
showed depraved indifference to my plight.
they all took advantage of the fact that i was in and out of the hospital for multiple suicide attempts.

My health took a turn for the worst the end of sept 2015, i started to grow breasts from the medication

i was given
by drs, i still hadn't been diagnosed with hyperthyroidism at this point. i was taking medication for issues i was misdiagnosed with, then i spent time in the psych ward for a suicide attempt from cutting myself.

during this rough time my attorney Elaine Pourinski said the prosecutor made an offer of a cwof and that if i accept this, my previous guilty finding would be changed to a cwof as well and since it was over a year, would automatically be off my record. but i had to agree not to present the window receipt against Kishana and not to pursue any civil actions against any officers involved. i agreed due to my health issues. December 2015 i again suffered some sort of nervous breakdown for no reason and attempted suicide again by swallowing hundred upon hundreds of all the depression/bipolar medication i was prescribed. i have very little memory of my time in the psych ward this time, next thing i remember it's Christmas eve and i'm no longer in the psych ward.

12 days later Jan 5-2016 rolls around and the judge doesn't agree to the terms of the cwof.

i still wanted to fight the charge and was still willing, then Jan 19-2016 i suffer another mental break down for no apparent reason. i can recall putting a bed against the door and then trying to strangle myself with a sheet wrapped twisted around my neck as tight as i could get it, i leave the psych ward Jan 25-2016, i had another meeting with my attorney elaine Pourinski before my trial date of Feb. 5-2016 11 days later. before this meeting, in the hallway outside her office in Northampton, an older white male placed a hammerless revolver to my forehead, he took the file that i had brought with me and warned me not to move forward with my evidence. i was told to plead guilty. I informed my attorney after the incident and she said there was nothing she could do to help me, i was still stubborn and wanted to fight the charges and she kept telling me how afraid she was not just for herself and her family, but for my safety and my families. I can't remember where i talked about this but the only papers i haven't been able to recover are the police report that i got from my buddy Joe that shows the type of information that was deleted off of mine report because he was also involved with an uninsured illegal driver. And i don't have copies of the complaint reports i filed Springfield Mayor Sarno's office

i didn't want to plead guilty, i was made to feel i had to plead guilty, that i didn't have a choice. i was told by my attorney the first judge knew about the fake receipt Kishana supposedly produced and about the police tampering with their reports, which the state police also proved for me. i felt so sick and didn't have anything in me after this last psych ward stay, less than 2 weeks earlier and with the thought of having that gun to my head so fresh in my sick mind. i plead guilty. come to find out, i had undiagnosed hyperthyroidism all my life. blood test from Jan 2016 -march 2016 can confirm even when i tried to kill myself back in 2005 can be tied to an episode of severe reaction to hyperthyroidism and a past blood test that was over looked proves it. since i was on workers comp at the time of the accident and for a short time after my first trial 2013, i was able to get a closed period disability payment for the time that i called to sign up for, this was right after i got off of workers comp.

then i discovered the reason for officers Sheehan's comment about my tightening up while being arrested, after being forced to stand around for over half hour in the cold with improper attire. turns out i have a untreatable, incurable genetic skeletal muscle disorder, not only was i right about having a problem, it was even worse than i could've imagined. i tried to keep working after that, but kept needing surgeries and couldn't take time off, i had to work with casts on. i got sick physically from all of that and filed for permanent disability and wasn't even allowed to complain about all my issues and they cold kill me, before the judge stopped me and told me not to worry about it and i would be getting permanent disability.

I don't have the court transcripts yet from when I was coerced in pleading guilty in Superior Court in Hamden County, but I didn't say what I was supposed to I told them I didn't remember forging that document because I'd never forged it and I told them that I'd wanted it to prove that Springfield police denied me medical attention even though I didn't need it I had far more evidence against them. After I spoke to the girl in probation in Springfield that was desperate find something to help me expose what was going on, but she couldn't help me at all. I moved in with my father again in West Warren in his duplex and I was transferred to Worcester for probation for the rest that time.

Worcester therapist 2-29-2016

Even though that court appointed therapist did not document when I told him I was coerced into pleading guilty. He did note that my neighbor saw someone walk up the street from that girl's house in place that court order in my mailbox. He used to work 3rd shift so he was up at different hours and home at different hours. I told the second court therapist up the street from the courthouse these same stories because I went there for multiple visits I have not been able to get those notes yet but this therapist was completely worthless as well and had no idea who to report these types of crimes to and I was totally left on my own to deal with it and suffer the consequences of trying to stand up for what is right

I'm excited to face Judge Hadley again I think he's one of the most pathetic, worthless pieces of trash that Massachusetts could have ever picked for a judge. I feel blessed that I met him. Honestly I didn't

think that he would ever face me again anyway, he's such a coward. It's kind of hard to face somebody when they've caught you bold faced lying and acting so stupid that you can't even pretend that you're not completely stupid.

Please use the two cards with your notes that you have from people below. Which are important you will see the Power of research and how it can be used to help us solve cases.

I have evidence that calls into question my guilt in this case

I also have physical evidence showing heapey of evidence in my Secret file

I have physical evidence,包括 DNA evidence between both statements made both that are unclear

I respectfully request a more lenient trial based on physical evidence
